Unearthing Seeds Of Fire The Idea Of Highlander:

Unearthing Seeds of Fire Frank Adams, Myles Horton, 1975 *Unearthing Seeds of Fire* is a thorough historical account of Highlander Folk School and the life of its founder Myles Horton. For any involved in adult education as well as those interested in education through social movement, this book provides rich descriptions of the ideology, context, and philosophy of creating learning communities through collectivism. Frank Adams is particularly successful at painting a vivid picture of the sociopolitical atmosphere under which Horton created Highlander, describing the successes and failures that were realized over the years as well as the organic evolution of the school as it responded to the changing needs of its students.

Seventeen papers presented at the conference on the title held in Atlanta, Georgia, October 1988, focus on contributions of African American women during the civil rights movement as activists, journalists, students, entertainers, and attorneys.
