Unholy Alliance Radical Islam And The American Left:

Unholy Alliance David Horowitz, 2004 Arguing that an alliance of common interests unifies radical Islam and the American left the author points to common stands on capitalism and democracy to identify what he sees as strong links between these interests **Jihadist Psychopath** Jamie Glazov, 2018-12-18 Every element of the formula by which the psychopath subjugates his victim the Islamic Supremacist likewise uses to ensnare and subjugate non Muslims And in the same way that the victim of the psychopath is complicit in his own destruction Western civilization is now embracing and enabling its own conquest and consumption *Summary: Unholy Alliance* BusinessNews Publishing, 2017-01-30 The must read summary of David Horowitz's book *Unholy Alliance Radical Islam and the American Left* This complete summary of *Unholy Alliance* by David Horowitz a notorious conservative public figure and former leftist radical presents his argument that there is a dangerous link between American liberals and Islamic radicals He also argues that the radical left's origins can be found in communism and that their malevolent intentions should not be ignored Added value of this summary Save time Understand the connection between leftist radicalism and Islamic fundamentalism Expand your knowledge of American politics and society To learn more read *Unholy Alliance* and discover the author's belief that liberalism and Islamic radicalism share a dangerous connection *Reforming Our Universities* David Horowitz, 2010-08-31 For far too long our colleges and universities have been allowed to ignore their chartered responsibilities to educate rather than indoctrinate Instead of providing a forum for the free exchange of ideas they intimidate students into ideological submission to leftist professors rather than pursuing meaningful research they proselytize for radical causes Here author David Horowitz tells the story of his ongoing campaign for an Academic Bill of Rights to protect students who refuse to conform to radical orthodoxies Horowitz means to recall higher education to its better self to become as it once was a place where students and teachers were not afraid to question opinions create their own and engage in Socratic dialogue From publisher description

Radical Conservatism Robert Brent Toplin, 2006 An unflinching look at the origins philosophy meanings and impact of the radical form of conservatism that currently dominates American politics Analyzing the literature books magazines newspapers and broadcast sources that define and promote conservatism Toplin leads the reader on a provocative tour of the conservative mind as viewed by a liberal tour guide *The American Enterprise*, 2005 **The End of Commitment** Paul Hollander, 2006 The seduction of some of the twentieth century's great thinkers by the most corrupt ideologies of the age communism and Nazism is one of the most intriguing stories in the history of that ill fated century In *The End of Commitment* the distinguished sociologist Paul Hollander investigates how and why these zealots finally fell away from the causes that moved them His is the first book to take a comprehensive historically comparative view of disillusionment with Communist systems and ideologies In the course of his study Hollander examines the sentiments of former revolutionaries high ranking officials and intellectuals in the Soviet Union as well as in the Soviet bloc countries and in third world Communist states

Islam in America Laura K. Egendorf, 2006 Muslims have lived in the United States for more than a century In the wake of the September 11 2001 terrorist attacks and American foreign policy a better understanding of Islam in America is needed The contributors to this book analyze various issues concerning American Muslims such as their political views and the prejudice they experience

The Big Lie David Solway, 2007 Comprises two lengthy essays explicating Solway's response to the attacks of 9 11 which caused him to reassess his dogmatic left liberal anti American and anti Zionist worldview The first essay reflects on the threat posed to Western civilization by a militant Islam a theologically inspired terrorist movement and on the ideological capitulation of the liberal and democratic West vis vis this threat The second essay On Being a Jew pp 89 244 discusses the meaning of Judaism the complex nature of Islam the demonology of antisemitism as directed against the Jewish diaspora in Europe especially and the Jewish state and the Middle East conflict Warns that terror and antisemitism are intimately related and the weakness of the West's response to the former and the waxing strength of the latter are indicators that we are living in a faltering society Muslim hostility toward the Jews and Israel is centuries old and not simply a reaction to the founding of the State of Israel in 1948 The real conflict in the Middle East is not over borders or Palestinian self determination but over the right of the Jewish people to exercise its sovereignty in its ancestral homeland Deplores the fact that not only has the Islamic world adopted Western antisemitism but the West is also adopting Islamic style antisemitism disguised as anti Zionism and is blind to the danger it poses to everything the West stands for

The Book Review Digest, 2005

Neoconservatism Douglas Murray, 2006 While others are blaming it for foreign policy failures and attacking it as a Jewish cabal Murray argues that the West needs neo conservatism more than ever

Academic Repression Anthony J. Nocella, Steven Best, Peter McLaren, 2010 After 9 11 the Bush administration pressured universities to hand over faculty staff and student work to be flagged for potential threats This edited anthology brings together hard hitting essays from prominent academics to address the pressing issue of whether academic freedom still exists in the American university system As such it addresses not only overt attacks on critical thinking but also following trends unfolding for decades engages the broad socio economic determinants of academic culture

The Politics of Intelligence and American Wars with Iraq Ofira Seliktar, 2008-01-15 Coming at the heels of September 11 Operation Iraqi Freedom has focused the limelight on the way in which the United States predicts and manages political change The failure to find WMD and more important the continued violence in Iraq instead of the hoped for democracy has engendered an acrimonious debate on the motives of the Bush administration and its uses or misuses of intelligence The question of who got what right or wrong has been fought out along ideological and partisan lines with supporters claiming that given what was known about Saddam Hussein the decision to change his regime was justified and detractors arguing that a group of largely Jewish neoconservatives acting on behalf of Israel manipulated intelligence in order to trick the United States into an unnecessary and costly war The book provides a systematic and objective analysis of the problems that faced American intelligence in

Endless War? David Keen, 2006-04-20 Endless War casts a critical light on the real motives behind war and terror David Keen explores how winning war is rarely an end in itself rather war often provides cover for wider political and economic games in which strengthening the enemy is either irrelevant or positively useful Keen devises a radical framework for analysing an unending war project where violence creates its own legitimacy and where the war on terror is only the latest extension of a Cold War project BOOK JACKET

Being Right Is Not Enough Paul Waldman, 2006-04-28 The 2006 American midterm elections may be the most hotly contested midterm election in decades and the Democrats are hoping to win big But they can't do it without a coherent strategy Citizenship and Crisis Detroit Arab American Study Team, 2009-07-02 Active participants in the religious and cultural life of the Arab American community attain higher levels of education and income yet assimilation to the American mainstream remains important for achieving enduring social and political gains The contradictions and dangers of being Arab and American are keenly felt in Detroit but even when Arab Americans oppose U S policies they express more confidence in U S institutions than do non Arabs in the general population The Arabs of greater Detroit whether native born naturalized or permanent residents are part of a political and historical landscape that limits how when and to what extent they can call themselves American When analyzed against this complex backdrop the results of The Detroit Arab American Study demonstrate that the pervasive notion in American society that Arabs are not like us is simply inaccurate
