Unhomely States Unhomely States:

Unhomely States Cynthia Sugars, 2004-02-11 *Unhomely States* is the first collection of foundational essays of Canadian postcolonial theory. The essays span the period from 1965 to the present day and approach broad issues of Canadian culture and society. They represent the impassioned conflicts, dissonances and intersections among postcolonial theorists in English Canada. Theories of Canadian postcolonialism are various and often contending. The questions proliferate: Is Canada postcolonial? Who in Canada is postcolonial? Are some Canadians more postcolonial than others? Together the essays in this collection demonstrate both the historical development of this vigorous debate and its most prominent current perspectives. The anthology comprises work originally written in English, selected and arranged in order to demonstrate the dynamic nature of these discussions. Included here are essays by many well-known writers and theorists such as George Grant, Northrop Frye, Margaret Atwood, Dennis Lee, Robert Kroetsch, Linda Hutcheon, Diana Brydon, Thomas King, Terry Goldie, Arun Mukherjee, Smaro Kambourelli, Stephen Slemon, and Roy Miki. The collection covers such topics as anti-colonial nationalism, settler invader theory, First Nations contexts, postcolonial pedagogy, and critiques of Canadian postcolonialism. A general introduction surveying the current field of postcolonial discourse in English Canada is also included.

Unsettled Remains Cynthia Sugars, Gerry Turcotte, 2010-08-27 *Unsettled Remains: Canadian Literature and the Postcolonial Gothic* examines how Canadian writers have combined a postcolonial awareness with gothic metaphors of monstrosity and haunting in their response to Canadian history. The essays gathered here range from treatments of early postcolonial gothic expression in Canadian literature to attempts to define a Canadian postcolonial gothic mode. Many of these texts wrestle with Canada's colonial past and with the voices and histories that were repressed in the push for national consolidation but emerge now as uncanny reminders of that contentious history. The haunting effect can be unsettling and enabling at the same time. In recent years many Canadian authors have turned to the gothic to challenge dominant literary, political, and social narratives. In Canadian literature the postcolonial gothic has been put to multiple uses, above all to figure experiences of ambivalence that have emerged from a colonial context and persisted into the present. As these essays demonstrate, formulations of a Canadian postcolonial gothic differ radically from one another depending on the social and cultural positioning of who is positing it. Given the preponderance in colonial discourse of accounts that demonize otherness, it is not surprising that many minority writers have avoided gothic metaphors. In recent years, however, minority authors have shown an interest in the gothic, signalling an emerging critical discourse. This spectral turn sees minority writers reversing long-standing characterizations of their identity as monstrous or invisible in order to show their connections to and disconnection from stories of the nation.

The ^A Oxford Handbook of Canadian Literature Cynthia Sugars, 2015-12-01 *The Oxford Handbook of Canadian Literature* provides a broad-ranging introduction to some of the key critical fields, genres, and periods in Canadian literary studies.
