

MyPlate: A Guide

Make half your plate fruits and veggies. They're packed with fiber & antioxidants!

Fruit:
Eat fruits of all colors. Go for fruit instead of juice, which has more fiber and fewer calories.

Vegetables:
The more colors and types that you eat, the better! Aim to get mostly non-starchy veggies.

Dairy:
3 servings per day gets you the calcium you need. Choose low-fat for fewer calories.

Grains:
Eat mostly whole grains. Refined grains, like white bread and white rice, have less nutrition. Whole grains have more fiber, iron, and B vitamins.

Protein:
A palm-sized amount at lunch and dinner is all you need. Beans, nuts, fish, and chicken are good, lean choices.
