controlling the boys never once entered her mind So long as the Colonel was alive there was no occasion for such control and in this respect she did not attempt after his death to fill his place It seemed indeed that she simply transferred her allegiance from the Colonel to them Whatever they did was right in her eyes and they were allowed to do practically whatever they pleased There was a difference in age of three years and a half between the brothers Julian at the time of his father s death being sixteen while Frank was still a few months short of thirteen Casual acquaintances often remarked that there was a great likeness between them and indeed both were pleasant looking lads with somewhat fair complexions their brown hair having a tendency to stand up in a tuft on the forehead while both had grey eyes and square foreheads Mrs Troutbeck was always ready to assent to the remark as to their likeness but would gently qualify it by saying that it did not strike her so much as it did other people We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience
