Through the Dark Continent Henry M. Stanley, 2013-04-15 Volume 2 of great explorer's classic account of explorations of lakes of Central Africa, perilous journey down unexplored Congo River. Incredible hardships, perseverance. 58 black and white illustrations, 7 maps.

Through the Dark Continent [Illustrated Edition] Volume 2 Henry M. Stanley, 2023-08-23 Richly illustrated throughout with maps and ink drawings. Perhaps best known as the intrepid adventurer who located the missing explorer David Livingstone in equatorial Africa in 1871, Henry Morton Stanley (1841-1904) played a major role in assembling the fragmented discoveries and uncertain geographical knowledge of central Africa into a coherent picture. He was the first European to explore the Congo River, assisted at the founding of the Congo Free State, and helped pave the way for the opening up of modern Africa. In this classic account of one of his most important expeditions, the venerable Victorian recounts the incredibly difficult and perilous journey during which he explored the great lakes of Central Africa, confirming their size and position, searched for the sources of the Nile, and traced the unknown Congo River from the depths of the continent to the sea. His tremendous perseverance, his persistence, led his men to nickname him Bula Matari, the rock breaker, was complemented by Stanley's abilities as a keen observer and accomplished prose stylist. These talents are fully evident in this exciting narrative. It offers not only the action and adventure of a life and death struggle to survive in the African wilderness, but detailed descriptions of native peoples, customs, and culture, the flora and fauna of central Africa, and a wealth of geographical, ecological, and other information. This monumental narrative will be welcomed by anyone interested in the European exploration of central Africa during the nineteenth century, the exploits of one of the great explorers of all time, and a breathtaking story of human endurance and achievement in the face of immense odds.
