Thucydides Robin S. Doak, 2007 Learn about the life of this famous early historian Hypatia Sandy Donovan, 2008 A biography of the classical philosopher and scientist Hypatia of Alexandria **Ramses II** Stephanie Fitzgerald, 2009 Ramses the 2nd was one of the greatest pharaohs to rule ancient Egypt Throughout his reign he ordered the construction of more temples and monuments than any other ruler His accomplishments and long lasting reign earned him the title of Ramses the Great *Confucius* Michael Burgan, 2009 A biography of the Ancient Chinese philosopher Confucius whose teachings greatly influenced Chinese culture **The Emergence of Subjectivity in the Ancient and Medieval World** Jon Stewart, 2020-03-24 The Emergence of Subjectivity in the Ancient and Medieval World An Interpretation of Western Civilization represents a combination of different genres cultural history philosophical anthropology and textbook It follows a handful of different but interrelated themes through more than a dozen texts that were written over a period of several millennia and by means of an analysis of these texts presents a theory of the development of Western civilization from antiquity to the Middle Ages The main line of argument traces the various self conceptions of different cultures as they developed historically reflecting different views of what it is to be human The thesis of the volume is that through examination of these changes we can discern the gradual emergence of what we today call inwardness subjectivity and individual freedom As human civilization took its first tenuous steps it had a very limited conception of the individual Instead the dominant principle was that of the wider group the family clan or people Only in the course of history did the idea of what we now know as individuality begin to emerge and it took millennia for this idea to be fully recognized and developed The conception of human beings as having a sphere of inwardness and subjectivity subsequently had a sweeping impact on all aspects of culture including philosophy religion law and art indeed this notion largely constitutes what is today referred to as modernity It is easy to lose sight of the fact that this modern conception of human subjectivity was not simply something given but rather the result of a long process of historical and cultural development *Julius Caesar* Don Nardo, Josiah Osgood, Rosemary Gudmundson Palmer, 2009 Loved by the common people and his fellow soldiers Caesar came to control the Roman Republic But his opponents were steadfast in their struggle against him The tale of Julius Caesar is filled with ambition glory and ultimately tragedy Hatshepsut Pamela Dell, 2008 A biography of Hatshepsut daughter of Thutmose I who became Egypt's first female pharaoh **American Book Publishing Record**, 2005 *Reading Thucydides* James V. Thucydides PJ Rhodes, 2015-10-22 Thucydides was labelled the greatest historian that ever lived by Macauley and no study of Classical Greece is complete without encountering his history of the Peloponnesian War the greatest war of Greeks against Greeks in the late fifth century BCE which ended in the fall of Athens This concise introductory guide sets Thucydides in context as a Greek historian writing about the Peloponnesian War as an intellectual in the era of the sophists who were willing to question a variety of traditional assumptions and as an upper class Athenian who lived through and was actively involved in the Peloponnesian War as a general Including a survey and summary of Thucydides work P J Rhodes explores the principles and practices of historiography which Thucydides originated and implemented throughout his History his narrative insight an almost scientific judgment and exposition of sources and prejudices and a strictly defined and authoritative view of what was required in a history of a war In addition to examining Thucydides work the volume provides an overview of the social political and intellectual contexts Thucydides was writing in and looks at his impact in antiquity and beyond from forming modern concepts of impartial history to his effect on popular culture
