Tiger Hound How We Won The War And Lost The Country:

Tiger Hound Ken Welch,2010-03-17 In 1963 communist insurgency was in it s infancy Then South Vietnam s President was assassinated and it s government was in turmoil Soon America found itself embroiled in war and secret wars The enemy suffered horrible casualties but were handed victory **The Myths of Tet** Edwin Moïse,2017-11-21 Late in 1967 American officials and military officers pushed an optimistic view of the Vietnam War Military Assistance Command Vietnam MACV said that the war was being won and that Communist strength in South Vietnam was declining Then came the Tet Offensive of 1968 In its broadest and simplest outline the conventional wisdom about the offensive that it was a military defeat for the Communists but a political victory for them because it undermined support for the war in the United States is correct But much that has been written about the Tet Offensive has been misleading Edwin Mo se shows that the Communist campaign shocked the American public not because the American media exaggerated its success but because it was a bigger campaign larger in scale much longer in duration and resulting in more American casualties than most authors have acknowledged MACV led by General William Westmoreland issued regular estimates of enemy strength in South Vietnam During 1967 intelligence officers at MACV were increasingly required to issue low estimates to show that the war was being won Their underestimation of enemy strength was most extreme in January 1968 just before the Tet Offensive The weak Communist force depicted in MACV estimates would not have been capable of sustaining heavy combat month after month like they did in 1968 Mo se also explores the errors of the Communists using Vietnamese sources The first wave of Communist attacks at the end of January 1968 showed gross failures of coordination Communist policy throughout 1968 and into 1969 was wildly overoptimistic setting impossible goals for their forces While acknowledging the journalists and historians who have correctly reported various parts of the story Mo se points out widespread misunderstandings in regard to the strength of Communist forces in Vietnam the disputes among American intelligence agencies over estimates of enemy strength the actual pattern of combat in 1968 the effects of Tet on American policy and the American media s coverage of all these issues
