Tin Can Sailor Life Aboard The Uss Sterett 1939 1945 Bluejacket Books:

Tin Can Sailor Susan Cosentino, 2000-06-09 More than eight hundred sailors served aboard the Sterett during her hazardous and demanding duties in World War II This is the story of those men and their beloved ship recorded by a junior officer who served on the famous destroyer from her commissioning in 1939 to April 1943 when he was wounded at the Battle of Tulagi Peppered with the kind of vivid authentic details that could only be provided by a participant the book is the saga of a gallant fighting ship that earned a Presidential Unit Citation for her part in the Third Battle of Savo Island where she took on a battleship cruiser and destroyer and was the last to leave the fray Calhoun s gripping and colorful account tells what it was like to be there during those furiously fought close range engagements When published in hardcover in 1993 the book was widely praised as a good read loaded with rich and interesting details American Book Publishing Record R.R. Hornfischer, 2021-10-20 Adapted from the naval history classic and New York Times bestseller *The Last Stand of the Tin Can Sailors* pieces together the action of the Battle off Samar bringing to life a riveting story of heroism against daunting odds duty and sacrifice in a way never seen before In October 1944 Allied

forces began landing on the Philippine island of Leyte. Quickly assessing the threat of the Allied invasion, the Japanese navy sought to counterattack. But with the island protected by the full strength of Admiral William F. Halsey's Third Fleet, a direct attack was nearly impossible. Undeterred, the Japanese Admiralty deployed their forces, engaging the Third Fleet and retreating in a manner that drew the fleet into a hot pursuit. However, Admiral Halsey had been deceived, and the Japanese plan had taken his fleet out of position to defend the American beachhead. With the northern route to Leyte open and unguarded, the Japanese Center Force, a fleet led by the battleship Yamato, the largest and most powerful battleship ever constructed, seemingly had a clear path to the landing beaches on Leyte. Only one thing stood between the Japanese forces and the vulnerable objective: Taffey 3, a small task unit from the Seventh Fleet, made up of destroyers, destroyer escorts, and escort aircraft carriers—thirteen ships with little firepower and even less armor. On the morning of October 25, 1944, Taffey 3 suddenly became the only obstacle between the Allied landings and the Japanese Center Force. Hopelessly outmanned and outgunned, Taffey 3 plunged into battle. The ensuing action, known as the Battle off Samar, became one of the greatest last stands in naval history.

Navy Tin Can Man R. A. Jaycox, 2011-06-01 This is a story about a young man who grew up next to Lake Erie, loving boats and loving the water. Fishing, sailing, swimming—his younger days were a dream come true. Then at 17 years old, WW 2 started, and he signed up for the US Navy. His life aboard a US Navy destroyer is as interesting an account of life as a sailor. His life returning home is of a guy that loved the Lakes, the Ocean, and the sea. This story is about how his life ended up, from seaman to Captain. You will find this story not only interesting but an epilogue of life for those that love the sea and boating.

We Will Stand by You Estate of Theodore C. Mason, 2013-01-15 During her 25-month tour of the Pacific in World War II, the fleet tug USS Pawnee braved torpedoes, bombs, and mines to rescue many crippled and stranded ships. Among those ships was the cruiser Houston, which had been hit by Japanese torpedoes and many believed was destined for the bottom of the ocean. The Pawnee averted a similar fate if she continued to assist the stricken ship. Her refusal to abandon the Houston reflected in the message "We will stand by you," flashed above the waves to an expectant crew, is now legendary. Author Ted Mason, a radioman on the Pawnee, recalls that daring rescue and many other adventures in the action-filled story, the focus of which is always on the enlisted men. In doing so, Mason offers a perspective of the war far different than the usual flag-bridge accounts. Coolly skeptical about his leaders' perception of the motivations of his shipmates and totally candid, he provides a moving tribute to the sailors who served in the Pacific campaign.

Cradle Cruise Lon Perry Dawson, 2009-01-01 The term Cradle Cruise refers to the enlistment of a US Navy recruit who was less than eighteen years of age when joining, a period that extended to his 21st birthday. When Lon Dawson, a kid from Chicago's north side, joined the navy in the spring of 1941, little did he know that war was just around the corner. When the Japanese attacked Pearl Harbor later that year, he had to grow up, and fast. Cradle Cruise is an account of Lon Dawson's experiences during WWII and his observations as a US Navy Bluejacket. Dawson is the author of *The Jennie Rodgers Story: A Promise Kept* and editor of the

upcoming Culinary Campaign A History of Military Cuisine **Tin Can Man** Jernigan E.J.,2010-03-30 E J Jernigan s memoir offers readers a fascinating glimpse of life as an enlisted man aboard the USS Saufley one of the most highly decorated destroyers of World War II It is a rarely told story of the sailors who fought the war from boiler rooms after steering spaces radio shacks and other gritty places that keep a warship going For the author it was a world of strong emotions and quick reactions where men had to adapt and grow if they were to survive With its colorful view of what went on below decks the book has made a lasting contribution to World War II literature since first published in 1993 It appeals to veterans historians and naval enthusiasts alike looking for an honest account of what happened **The Last Stand of Tin Can Sailors** Estate of James D.
