Encyclopedia of Twentieth-Century Photography, 3-Volume Set Lynne Warren, 2005-11-15. The Encyclopedia of Twentieth Century Photography explores the vast international scope of twentieth century photography and explains that history with a wide ranging interdisciplinary manner. This unique approach covers the aesthetic history of photography as an evolving art and documentary form while also recognizing it as a developing technology and cultural force. This Encyclopedia presents the important developments, movements, photographers, photographic institutions and theoretical aspects of the field along with information about equipment, techniques and practical applications of photography. To bring this history alive for the reader, the set is illustrated in black and white throughout and each volume contains a color plate section. A useful glossary of terms is also included. **The Other Mirror** Kristine Ibsen, 1997-02-25. During the last decade, women's narrative has become a recognized force in Mexican letters. The essays in this collection explore the recent work of nine contemporary Mexican women writers. Many of the works have been translated into English; some like Laura Esquivel's *Like Water for Chocolate* have become international best sellers. The unprecedented commercial success of these novels has generated mixed reactions at the same time that the secondary status afforded women's narrative has come to be questioned in many academic circles; some authors are dissociating themselves from women's writing. The essays in this volume address these issues, providing a much needed contribution to the study of women's narrative. *Artists from Latin American Cultures* Kristin G. Congdon, Kara Kelley Hallmark, 2002-10-30. Latin Americans have long been relegated to the cultural background, obscured by the dominant European culture. This biographical dictionary profiles 75 artists from the United States and 13 nations of Central and South America and the Caribbean, including painters, sculptors, photographers, muralists, printmakers, installation artists and performance artists. Some of their works recall pre-Columbian times; others confront the cultural imperialism of the U.S. over Latin America and many explore how the dominant elements of culture can affect identities of class, gender and sexuality. Profiled artists range from the renowned to the little known: Frida Kahlo, Tina Modotti, Diego Rivera, Myrna Baez, Raquel Forner, Patrocino Barela and many more. Color photographs are provided for many of the works. Each entry includes information about the artist's childhood, schooling, creative growth and artistic styles and themes. Exemplary artworks and influences are described along with a look at popular and critical responses. Supplemental features include artist cross-references, a glossary of essential terms from the art world and a number of vivid photos portraying the artists in their creative environments. Mexican Suite Olivier Debrouse, 2001-03-15. Now this publication is available in English as *Mexican Suite*. Olivier Debrouse and Stella de Sa Rego have revised this edition to include more current material and explanatory notes for an audience less familiar with Mexican history.
