The Big Book of Jack the Ripper Otto Penzler, 2016-10-04 Edgar Award winning editor Otto Penzler s latest anthology takes its inspiration from the historical enigma whose name has become synonymous with fear Jack the Ripper Of the real life serial killers whose gruesome acts have been splashed across headlines none has

reached the mythical status of Jack the Ripper In the Ripper s wake terror swept through the streets of London s East End in the fall of 1888 As quickly as his nightmarish reign came Saucy Jack vanished without a trace leaving future generations to speculate upon his identity and whereabouts He was diabolical in a way never seen before a killer who taunted the police came up with his own legendary monikers and ultimately got away with his heinous crimes More than a century later the man from hell continues to live on in the imaginations of readers everywhere and in some of the most spec tacularly unnerving stories both fiction and nonfiction ever written The Big Book of Jack the Ripper immerses you in the utterly chilling world of Red Jack s London where his unprecedented evil still lurks Including Legendary stories by Marie Belloc Lowndes Robert Bloch and Ellery Queen Captivating essays from George Bernard Shaw Stephen Hunter and Peter Underwood Riveting new stories by contemporary masters Jeffrey Deaver Loren D Estleman Lyndsay Faye and many more Astonishing theories from the world s foremost Ripperologists From the Ripper Vault Demoniac letters from Jack himself Gruesome postmortem exams documenting all the bits and pieces of the cases Harrowing witness statements taken on those hellish nights Breaking newspaper accounts of the East End hysteria **Thirteen Tunnels** Suzanne Samples,2024-01-16 On September 17 2022 the literary world indeed the whole world lost a unique voice with the passing of Suzanne Hammer Samples Her final journey began in 2014 with a brain tumor diagnosis She chronicled her struggles and triumphs even as she worked through post surgery rehab including regaining the loss of arm and hand function Suzanne s rare courage and candor gave us a brutally honest and unflinching view of her life Though she nagged her editor and publisher to get her first book into print before she died Suzanne outlived her prognosis The memoir Frontal Matter Glue Gone Wild went on to be named among the best books of 2019 by Kirkus Reviews and sent Suzanne on a phenomenal book tour where she wowed listeners with her experiences stellar personality and dark wit She continued on to write two sequels Stargazing in Solitude published to acclaim in 2021 and the 13 Tunnels even as she returned to teaching and started a literary magazine Her trilogy offers insight comfort and understanding to the patients caregivers and loved ones dealing with this and similar devastating diagnoses Suzanne lived life to the fullest and gave us great gifts along the way She will be missed Barbara Lockwood and Lisa Kastner *Ethics in Design and Communication* Laura Scherling,Andrew DeRosa,2020-02-20 This timely collection brings together critical analytic historical and practical studies to address what ethics means in the practice of design Designers face the same challenges as everyone else in the complex conditions of contemporary cultural life choices about consumption waste exploitation ecological damage and political problems built into the supply chains on which the global systems of inequity currently balance precariously But designers face the additional dilemma that their paid work is often entangled with promoting the same systems such critical approaches seek to redress how to reconcile this contradiction among others in seeking to chart an ethical course of action while still functioning effectively in the world Ethics in Design and Communication acknowledges the complexity of this subject matter while also demonstrating that in the ongoing

struggle towards an equitable and sustainable world the talents of design and critical thought are essential Featured case studies include graphic design internships today the dark web and media coverage of the 2016 US presidential election The fact that within this book such a wide array of practitioners scholars critics and professionals commit to addressing current injustices is already a positive sign Nonetheless it is essential that we guard against confusing the coercive force of moral imperatives with ethical deliberation when conceiving a foundation for action
