or does it A small home doesn't have to mean that you get rid of a lot of your stuff Instead turn your house into a haven Keep the belongings you love and make them easier to find This book is going to help you understand many different ways that you can start using your space more effectively You'll actually be surprised at how much space is hidden in your home no matter how small it is and you'll be amazed how many different ways there are to use those spaces if you're just a little bit creative

BOOK 2 Tiny House Living 45 DIY Hacks to Maximize Your Small Space in One Week Shipping containers are pretty darn inexpensive They're everywhere and they have a pretty usable amount of space that they make available as well so they're sort of like building blocks for homes and other buildings that you may have to construct Because they're so cheap and they're made of metal they're naturally reflective of most of the heat that the summer sun would pound into regular buildings and houses through the typically black shingled roof of those buildings So shipping containers have relatively good insulation already built into them and ready to go But there are many benefits to building with one or many shipping containers beyond that But strangely you don't see every house on the block being constructed out of shipping containers Why not though It's like building your house out of gigantic Lego pieces Why hasn't anyone thought of building with these things before Why isn't building with shipping containers all the rage Download your E book **Tiny House Living BOX SET 2 IN 1 75 Genius Storage Ideas WITH PICTURES That Will Instantly Enlarge Your Small Space** Buy Now with 1 Click button Tags tiny house living DIY household hacks organized home Simple House Hacks declutter your home diy decoration and design interior design small space decorating
