Trials Of Modernity 4th Edition:

Prosecutorial Discretion in the International Criminal Court Farid Mohammed Rashid, 2021-12-15 This book provides the first scholarly investigation of prosecutorial discretion in the International Criminal Court ICC from an interdisciplinary perspective This work analyses the discretionary power of the ICC prosecutor and its scope It explains that there is a tendency to overlook the necessity of distinguishing between the various usages of discretion when exercised as a power authorised by the law and effect when applying indeterminate legal thresholds The author argues that the latter indeterminacy may give decision makers an unwarranted opportunity to exercise a wide range of discretion where extra legal factors may be considered In comparison prosecutorial discretion allows decision makers to consider extra legal considerations This book also discusses the relevance of political considerations within the decision making process in the context of the exercise of prosecutorial discretion It suggests that there need not be a conflict between the broad sense of justice as outlined in the Statute and political factors in giving effect to decisions This book will be of interest to students of international law global governance and international relations

Routledge Handbook of Complementary and Alternative Medicine Nicola K. Gale, Jean V. McHale, 2015-04-10 The provision and use of traditional complementary and alternative medicine CAM has been growing globally over the last 40 years As CAM develops alongside and sometimes integrates with conventional medicine this handbook provides the first major overview of its regulation and professionalization from social

science and legal perspectives The Routledge Handbook of Complementary and Alternative Medicine draws on historical and international comparative research to provide a rigorous and thematic examination of the field It argues that many popular and policy debates are stuck in a polarized and largely asocial discourse and that interdisciplinary social science perspectives theorising diversity in the field provide a much more robust evidence base for policy and practice in the field Divided into four sections the handbook covers analytical frameworks power professions and health spaces risk and regulation

perspectives for the future This important volume will interest social science and legal scholars researching complementary and alternative medicine professional identify and health care regulation as well as historians and health policymakers and regulators

Witches, Tea Plantations, and Lives of Migrant Laborers in India Soma Chaudhuri, 2013-08-15 Witches Tea Plantations and Lives of Migrant Laborers in India Tempest in Teapot is a unique book that brings together a holistic theoretical approach on the subject of witchcraft accusations specifically those taking place inside a tea workers community in India Using a combination of in depth and extensive qualitative methods and drawing on sociological anthropological and historical perspectives Chaudhuri explores how adivasi tribal migrant workers use witchcraft accusations to deal with worker management conflict Chaudhuri argues that witchcraft accusations can be interpreted as a periodic reaction of the adivasi worker community against their oppression by the plantation management The typical avenues of social protest are often unavailable to marginalized workers due to lack of organizational and political representation and resources As a result the dain witch becomes a scapegoat for the malice of the plantation economy Within this discourse witch hunts can be seen not as exotic and primitive rituals of a backward community but rather as a powerful protest by a community against its oppressors The book attempts to understand the complex network of relationships ties of friendship family politics and gender that provide the necessary legitimacy for the witch hunt to take place In most cases examined here seemingly petty conflicts within the villagers often escalate to a hunt At the height of the conflict the exploitative relationship between the plantation management and the adivasi migrant workers often gets hidden The book demonstrates how witchcraft accusations should be interpreted within this backdrop of labor planters relationship characterized by rigidity of power patronage and social distance Witches Tea Plantations and Lives of Migrant Laborers in India should appeal to criminologists sociologists anthropologists labor historians gender scholars labor migration scholars witch hunt and witchcraft accusation global scholars adivasi scholars South Asian scholars and anyone interested in India s tribes witchcraft accusations gender in a global world labor conflict and Indian tea plantations *The Publishers' Circular and Booksellers' Record* , 1929

Research Handbook on the Sociology of Law Jiří Příbáň, 2020-12-25 This unique Research Handbook maps the historical theoretical and methodological concepts in sociology of law exploring the rich and complex nature of this area of research It argues that sociology of law flourishes due to its strong capacity for interdisciplinary engagement and links to other scientific concepts methodologies and research fields *Handbook of Social Psychology* Jan E. Stets, Karen A.

Hegtvedt, Long Doan, 2025-09-26 This third edition of the highly successful handbook is presented for the first time in two volumes covering the field of social psychology more comprehensively than earlier including applying social psychology to different areas in sociology It showcases the dynamics of social psychological phenomena across the micro level Volume 1 and meso and macro levels of social reality Volume 2 The reader will see how social psychology can be leveraged at the interactive level within groups and larger units and across many aspects of society thus showing the expansiveness of social psychology in understanding social behavior social organization and social structures The emphasis in Volume 1 rests on theoretical frameworks for processes occurring within individuals and among interacting individuals The chapters span fundamental principles pertaining to the social construction of meaning identity emotions language and social cognition and the structure and dynamics unfolding in interactions characterized by status social exchange network linkages and justice A shorter chapter offering an empirical illustration complements each theoretically oriented chapter Together the two volumes provide the reader with theoretical tools useful in understanding the basics of individual behavior while highlighting how social psychological processes emerge in a variety of contexts The connections among micro meso and macro levels through the lens of social psychology forge new pathways to understanding the various forms of inequality plaguing the social world

Great Events in Religion Florin Curta, Andrew Holt, 2016-11-28 This three volume set presents fundamental information about the most important events in world religious history as well as substantive discussions of their significance and impact This work offers readers a broad and thorough look at the greatest events in world religious history covering a wide range of religions time periods and areas around the globe The entries present authoritative information and informed viewpoints written by expert contributors that enable readers to easily learn about the chief events in religious history help them to better understand the course of world history and promote a greater respect for culturally diverse religious traditions The first of the three volumes covers religion from the preliterate world through around AD 600 the second the post classical era from 600 to 1450 and the third the modern era from 1450 to the present Each volume begins with a substantive introduction that discusses the history of world religions during the period covered by the volume The chronologically ordered entries overview each event place it in historical context and identify the reasons for its enduring significance Habermas'

Communicative Action Theory and the Adversarial Assumption of the Civil Litigation System Maria Wyant Cuzzo, 1995 A *History of Victims of Crime* Stephen Strauss-Walsh, 2023-05-19 This book examines the evolution of the contemporary crime victim's procedural place within modern Western societies Taking the history of the Irish crime victim as a case study the work charts the place of victims within criminal justice over time This evolves from the expansive latitude that they had during the eighteenth century to their major relegation to witness and informer in the nineteenth and back to a more contemporary recapturing of some of their previous centrality The book also studies what this has meant for the position of suspects and offenders as well as the population more generally Therefore some analysis is devoted to examining its impact

on an offender's right to fair trial and social forms. It is held that the modern crime victim has transcended its position of marginality. This happened not only in law but as the consequence of the victim's new role as a key sociopolitical stakeholder. This work flags the importance of victim rights conferrals and the social transformations that engendered such trends. In this way, victim re-emergence is evidenced as being not just a legal change but a consequence of several more recent sociocultural transformations in our societies. The book will be of interest to researchers, academics and policy makers in criminal law, human rights law, criminology and legal history.

Imperialism, Reform and the Making of Englishness in Jane Eyre Sue Thomas, 2008-04-30. This new study demonstrates the precision of Brontë's historical setting of Jane Eyre. Thomas addresses the historical worlding of Brontë and her characters, mapping relations of genre and gender across the novel's articulation of questions of imperial history and relations, reform, racialization and the making of Englishness. The Oracle, 1985. The Cumulative Book Index, 1999. *Forthcoming Books* Rose Arny, 2003. **The Publisher**, 1912.

Subject Guide to Books in Print, 1997. *Culture Wars* Roger Chapman, 2010. Featuring hundreds of A-Z entries and numerous photos, the set examines the history and relevance of the issues, events, controversies, personalities, groups and concepts that have contributed to the political and social polarization of American society over recent decades. It details hot button topics as well as the role of the media in defining and shaping these issues, everything from abortion, the Christian Coalition, the environmental movement, feminism and gay rights to illegal aliens, pornography, stem cell research, Watergate and zero tolerance. A topic finder, bibliography and index add to the set's utility. **Regions with Goodes Atlas Set** Deblij, 2001-05. **The Statesman's Year-book** Frederick Martin, Sir John Scott Keltie, Isaac Parker Anderson, Renwick, Mortimer Epstein, Sigfrid Henry Steinberg, John Paxton, Brian Hunter (Librarian), Barry Turner, 1957.
