Jerome Konsker,2018-11-26 At the age of nineteen I left college at New York University after deciding that I did not want to be an electrical engineer and that I would not make the varsity basketball team That meant two years in the army It was an exciting test of my ability to function away from home This was very late 1952 There was a war on in the Far East My Uncle Sam decided that being tall and strong I would make good rifleman After making me what he had proposed he sent me to Korea to test my skills They were sufficient to stay alive during the last few months leading to the truce It was signed on July 27 1953 I was sent to division headquarters on a mission that eludes my memory But I did remember that I wanted to get out of the infantry company The division newspaper beckoned and the noncom in charge decided that I wrote well enough to join his staff Besides he needed someone with frontline experience I became a cub reporter and later an official US Army correspondent I began to read voraciously starting with Ernie Pyle and Hemingway I found my passion The GI Bill allowed me to study then give up journalism in favor of literature and the theater as a playwright and director Circumstances in 1958 caused me to stop my pursuit of theater and to make a living for a family I ve never regretted that decision A vacation visit to the Korean War Memorial in the year 2000 in Washington D C awakened my desire to pick up the pen again It started with minor poetry one act plays short stories and this novella My protagonists are often soldiers past present or future However I don t write war stories I only know how war can effect the minds of those who experienced it **Network Warrior** Gary
