100 DESIGN PRINCIPLES FOR WORKING WITH TYPE

Typography Essentials is a practical, hands-on resource to distill, organize, and compartmentalize—but not to oversimplify—the many complex issues surrounding the effective use of typography. It is for designers of every medium in which type plays a major or minor role.

A deep understanding of letterforms and knowledge of the effective use of letterforms can only be obtained with constant observation and experimentation; it evolves over a lifetime of design practice and study. This book is intended to advance the progress of designers seeking to deepen their typographic expertise; it is organized and designed to make the process enjoyable and entertaining, as well as instructional.

This book is divided into four easy-to-use sections: The Letter, The Word, The Paragraph, and The Page. Each of the 100 principles has an explanation and examples representing the principle in action.

ABOUT THE AUTHOR

Iris Saltz is an art director, designer, author, photographer, and professor of electronic design and multimedia at The City College of New York. She is the author and principal photographer of *Body Type: Intimate Messages Etched in Flesh*, which documents typographic tattoos (the second volume of *Body Type* will be published in 2010). For more than twenty-two years, Saltz was an editorial design director at Time International Editions, *Worth*, *GOLF Magazine*, and other magazines. She has authored more than fifty articles for *STEP Inside Design*, *How*, and *Inked* covering many typographic and graphic design subjects. She has also contributed twenty-six essays to *Graphic Classics*, a three-volume set published in 2009 by Phaidon Press.
