Richard Beach, David Bloome

Ubuntu I In You And You In Me:

Ubuntu Michael Battle, 2009-05 For Christians practicing Ubuntu means entering deeply into the compassionate forgiving love of Gospel As defined by Archbishop Desmond Tutu a person with Ubuntu is open and available to others affirming of others does not feel threatened that others are able and good for he or she has a proper self assurance that comes from knowing that he or she belongs in a greater whole and is diminished when others are humiliated or diminished when others are tortured or oppressed The African spiritual principle of Ubuntu offers believers a new and radical way of reading the Gospel and understanding the heart of the Christian faith and this new book explores the meaning and utility of Ubuntu as applied to Western philosophies faith and lifestyles Ubuntu is an African way of seeing self identity formed through community This is a difficult worldview for many Western people who understand self as over against or in competition with others In the Western viewpoint Ubuntu becomes something to avoid a kind of co dependency As a Christian leader who understands the need intricacies and delicate workings of global interdependency Battle offers here both a refreshing worldview and a new perspective of self identity for people across cultures and of all faiths Keeping Historically Black Colleges and Universities (HBCUs) Competitive in Global Higher Education Graham, Tymon M., 2025-07-08 Historically Black Colleges and Universities HBCUs have served as vital institutions for academic excellence culture and growth within the Black community With globalization and rapid technological advancements the competitiveness of HBCU in the global higher education landscape is more important than ever By embracing these strategies HBCUs can continue to offer high quality education attract diverse talent and lead in shaping an inclusive global academic future Keeping Historically Black Colleges and Universities HBCUs Competitive in Global Higher Education explores how HBCUs can remain competitive in a global atmosphere This book investigates themes challenges and successes of academic affairs student affairs enrollment management institutional advancement finance and athletics Covering topics such as higher education academic affairs and student affairs this book is an excellent resource for administrators faculty researchers educators academicians and more *Pathways to Public Relations* Burton St. John III, Margot Opdycke Lamme, Jacquie L'Etang, 2014-04-24 Over the centuries scholars have studied how individuals institutions and groups have used various rhetorical stances to persuade others to pay attention to believe in and adopt a course of action The emergence of public relations as an identifiable and discrete occupation in the early 20th century led scholars to describe this new iteration of persuasion as a unique more systematized and technical form of wielding influence resulting in an overemphasis on practice frequently couched within an American historical context This volume responds to such approaches by expanding the framework for understanding public relations history investigating broad conceptual questions concerning the ways in which public relations rose as a practice and a field within different cultures and countries at different times in history With its unique cultural and contextual emphasis Pathways to Public Relations shifts the paradigm of public relations history away

from traditional methodologies and assumptions and provides a new and unique entry point into this complicated arena

African Theology as Liberating Wisdom Mari-Anna Pöntinen, 2013-02-14 In African Theology as Liberating Wisdom Celebrating Life and Harmony in the Evangelical Lutheran Church in Botswana Mari Anna Pöntinen analyses contextual interpretations of the Christian faith in this church These interpretations draw from the Tswana tradition and liberation in Christ

The Golden Rule and the Games People Play Rabbi Rami Shapiro, 2015-10-27 Does the Golden Rule matter It depends on the game We have to shift the game before we can promote the Rule This is why teaching morality alone is insufficient Educating our children in the Golden Rule without teaching about finite and infinite games and zero sum and nonzero worldviews is a waste of time Doing so would be like teaching them the rules of chess while insisting they play only checkers from Chapter 10 Play Different This provocative and challenging exploration of the Golden Rule widely accepted as humanity's moral true north neither praises the Rule uncritically nor naively insists that it is applicable in every situation Rather it looks critically at the Rule in the context of game theory to see where it works and where it doesn't when it is applicable and when it isn't It shows you why knowing the difference can offer you a powerful way to transform your life from one driven by fear to one driven by love This philosophical game changer is written for people of all faiths or none who praise the Rule and yet violate it over and over again It invites you into the fascinating world of ethical decision making in a way that helps you use the Golden Rule as a fulcrum for shifting your life from often unethical competition to compassionate and even loving cooperation

Community Development Practice in Africa Charles Gyan, Linda Kreitzer, Somnoma Valerie Ouedraogo, 2024-08-01 This project seeks to enhance both the theoretical and practical understanding of community development by adopting an African perspective Recognizing that the majority of community development literature utilized in African academic settings predominantly focuses on practices from the Global North this edited volume addresses a critical gap It develops, compiles and promotes scholarship that is transnational yet reflective of the unique realities present within the African context This edited volume expands the global discourse on community development by delving into the particular forms it takes within African settings It will explore how local practices influence existing theories and models of community development and examine the integration of these theories into practical applications within African communities The motivating goal of this edited book is to provide a space to examine the specific contextual factors that impact the history, theory and practice of community development in Africa Community development should reflect the local context in which it is practiced The contributions included in this edited book will provide a valuable resource for professors, researchers and practitioners presenting a range of historically, culturally and socially situated critical perspectives In summary this collection seeks to highlight African context specific literature in the field of community development

Off-Grid Solar Electrification in Africa Nathanael Ojong, 2022-11-15 This book evaluates off grid solar electrification in Africa by examining how political, economic, institutional and social forces shape the adoption of off grid solar technologies including

how issues of energy injustice are manifested at different levels and spaces The book takes a historical contemporary and projective outlook using case studies from pre and ongoing electrification communities in non Western countries such as Ghana Kenya Rwanda Senegal Malawi Tanzania and Nigeria Beyond the diverse nature of these countries in terms of their geographical location in West East and Southern Africa each offers a different experience in terms of colonial history economic and institutional infrastructure social and cultural context and level of adoption of off grid solar technologies Notably the book contributes to the off grid solar and energy justice scholarship in low income non Western contexts It examines various approaches to energy justice and does so by engaging with Western and non Western philosophical notions of the concept It takes into consideration the major principles of Ubuntu philosophy with the adoption of off grid solar technologies hence enriching the energy justice framework Finally the book interrogates the degree to which the social mission that catalysed the expansion of the off grid solar sector is being undermined by broader structural dynamics of the capital investment upon which it is reliant It also argues that the ascendance of off grid solar electrification in Africa is transformative in that it enables millions of people without access to or facing uncertainties linked to centralised grid energy to have access to basic energy services

A Theological Assessment of Reconciliation for Missiology in the Korean Context
Hyo Seok Lim, 2021-07-01 Any Christian who lives in such a broken world may ask God what their role would be as the person who is reconciled with God and about the implications of the vertical dimension of reconciliation Many would agree that the vertical and horizontal dimensions of reconciliation should not be separated It is however still necessary to examine further For instance what does the inseparableness of the two dimensions actually mean in theory and practice How does the vertical dimension of reconciliation become the source and foundation of the horizontal dimension How should the church maintain its theology of reconciliation which includes both dimensions All these questions point to an underlying question what is the relationship between the vertical and horizontal dimensions of reconciliation This book explores this question interacting with the four thinkers and practitioners of reconciliation Karl Barth Miroslav Volf Son Yang Won and Desmond Tutu and assessing the theology of a leading theologian in the discourse of mission as reconciliation Robert Schreiter Based on the discussions it presents a proposal for a more wholesome and robust understanding of reconciliation for the discourse in mission studies which can be applied to any broken context including the Korean peninsula

The Power of Oral History Narratives
Toni Fuss Kirkwood-Tucker, Frans H. Doppen, 2023-06-01 The significance of this book is its uniqueness First the book contains a collection of fourteen chapters that capture the personal professional and historical experiences of international global scholars and artists to which they were subjected in their native country and after they immigrated to the United States What makes this book project highly unusual in comparison to other publications is that these international global scholars and artists experienced historical events of trauma and joy in their native country and in their newly adopted country of the United States that lie deeply buried in their sub consciousness that these memories are unforgettable and still

painful for them that these memories are a constant companion in their daily lives and that the experienced historical events of trauma and joy have shaped their professional and personal lives to this very day There exists a paucity in the global education literature of this far reaching topic and thus it has the potential to enhance and diversify the global education literature Second the significance of this book lies in the pedagogical power of the oral history narrative tradition and its impact on students at the secondary and tertiary levels in education When one's lived experiences of trauma or joy occur during a critical time in history they rarely yield unforgotten memories and deeply held private knowledge that do not come to light without a storyteller When first hand accounts are shared publicly they can bring powerful insights into past historic events to the very presence Thus the pedagogical strength of this book contributes to knowledge creation in the classroom as oral histories move students from abstract textbook descriptions to concrete and compelling lived stories associated with historical happenings This pedagogy leads students to become more critical of historical events of the past and develops in them a deeper understanding of the past Consequently oral history narratives enable teachers and teacher educators to enrich the abstract text of textbooks with the authentic voice of the individual A third significance of this book lies embedded in the rich historical perspective displayed by storytellers of non native international global scholars and artists from around the world who portray their lived through first hand experiences such as child labor communism hate hunger fascism fear intolerance discrimination prejudice poverty war protest and death Finally a major purpose of this book is to expose young learners from around the world to empowering non native international role models in global education and the arts from nations in Africa Asia the Caribbean Eurasia Europe the Middle East and South America who build bridges not walls between peoples and nations

Theology and Ethics for the Public Church Samuel Yonas Deressa, Mary Sue Dreier, 2023-11-24

How might the Christian church effectively engage today's politically charged profit motivated world while remaining faithful to its biblical and theological roots The contributors in this book argue that public theology provides a promising pathway forward The public theology emerging from these pages has been influenced by the theological interests and commitments of Gary M Simpson Lutheran pastor and systematic theologian His approach to public theology is intersectional and global he artfully weaves together Lutheran theology and the civil society arena of Critical Social Theory These essays provide three angles of vision on faith active in twenty first century public contexts contextual ethical and theological While not mutually exclusive these distinct strands of thought engage and challenge the church to substantial reflection on the challenging and often bewildering circumstances of the twenty first century social world Some reflect on God's activity within particular global contexts others offer new perspectives on Lutheran confessional traditions still others step boldly into innovative theological assertions As the Christian church is ever forming and reforming this book urges it to grapple with the publicness of its timely and timeless mission

Urban Apologetics Eric Mason, 2021-04-06 Urban Apologetics examines the legitimate issues that Black communities have with Western Christianity and shows how the gospel of Jesus Christ rather than popular socioreligious alternatives restores our identity African Americans have long confronted the challenge of dignity destruction caused by white supremacy While many have found meaning and restoration of dignity in the black church others have found it in ethnocentric socioreligious groups and philosophies These ideologies have grown and developed deep traction in the black community and beyond Revisionist history conspiracy theories and misinformation about Jesus and Christianity are the order of the day Many young African Americans are disinterested in Christianity and others are leaving the church in search of what these false religious ideas appear to offer a spirituality more indigenous to their history and ethnicity Edited by Dr Eric Mason and featuring a top notch lineup of contributors Urban Apologetics is the first book focused entirely on cults religious groups and ethnocentric ideologies prevalent in the black community The book is divided into three main parts Discussions on the unique context for urban apologetics so that you can better understand the cultural arguments against Christianity among the Black community Detailed information on cults religious groups and ethnic identity groups that many urban evangelists encounter such as the Nation of Islam Kemetic spirituality African mysticism Hebrew Israelites Black nationalism and atheism Specific tools for urban apologetics and community outreach Ultimately Urban Apologetics applies the gospel to black identity to show that Jesus is the only one who can restore it This is an essential resource to equip those doing the work of ministry and apology in urban communities with the best available information

Intimacies, Citizenship and Refugee Men Samuel Muchoki, 2016-11-22 This timely book moves beyond struggling suffering and loss to argue that forced migration often provides opportunities for men to pursue new relationships and re organise their intimate

lives It focuses on the lived experiences of masculinity sexuality and pursuit of intimate relationships by men who have arrived in Australia as refugees from the Horn of Africa The author shows that even amidst the chaos of displacement the difficulties of living in limbo whilst seeking asylum and the challenges of settlement the desire for enjoyable and fulfilling intimate relations remains central to the everyday lives of refugee men This novel work will appeal to students and scholars of migration studies citizenship race ethnicity gender and sexuality

Christianity, Politics and the Afterlives of War in Uganda Henni Alava, 2022-03-10 This open access book sheds critical light on the complex and unstable relationship between Christianity and politics and peace and war Drawing on long running ethnographic fieldwork in Uganda s largest religious communities it maps the tensions and ironies found in the Catholic and Anglican Churches in the wake of war between the Lord s Resistance Army and the Government of Uganda It shows how churches responses to the war were enabled by their embeddedness in local communities Yet churches embeddedness in structures of historical violence made their attempts to nurture peace liable to compound conflict At the heart of the book is the Acholi concept of anyobanyoba confusion which depicts an experienced sense of both ambivalence and uncertainty a state of mixed up affairs within community and an essential aspect of politics in a country characterized by the threat of state violence Foregrounding vulnerability the book advocates confusion as an epistemological and ethical device and employs it to meditate on how religious believers as well as researchers can cultivate hope amid memories of suffering and on going violence The ebook editions of this book are available open access under a CC BY NC ND 4 0 licence on bloomsburycollections com Open access was funded by University of Jyv skyl
