

Evidence law uses the Evidence Act (2008) Vic - often referred to as UEA for shorthand.
This is the act you will rely on for this exam.

1.1 Discuss the ways of tendering, as well as the admissibility of:

(1) the CCTV recording and Ms AMANI's testimony; 220 words

- Refer to identification evidence – more info can be found here:

<https://www.alrc.gov.au/publication/uniform-evidence-law-alrc-report-102/13-identification-evidence/definition-of-identification-evidence/>

- you must speak on whether this evidence is admissible and if it is how it will be adduced. -
- Any issues here will be that you do not ever see the faces of the accused, only black jackets and motorcycle helmets.

- you will need to identify that the CCTV is documentary evidence

- you will need to identify that Ms Amani's testimony is VERBAL evidence (*viva voce evidence*)

- refer to Week 3 - Study Notes - Documentary and Other Evidence word document attached

- refer to Week 2 - Study Notes - Verbal evidence, competence and questioning

(2) evidence collected from GILBERT and BURTON's apartment; 220 words

- evidence collected from the apartment is as follows:

a) two black motorcycle helmets **physical object /exhibit = real evidence**

b) a black jacket with label M.G (indicated owner as Mark Gilbert) **physical object /exhibit = real evidence**

c) pistol bullets and bullet shells **physical object /exhibit = real evidence**

d) laptop browser history = screenshot **documentary evidence**

- you will have to identify each type of evidence (I have highlighted these in yellow above)

refer to Week 3 - Study Notes - Documentary and Other Evidence word document attached

- for example, for DOCUMENTARY EVIDENCE:

Under the UEA, a party may adduce evidence of the contents of a document by tendering the document or by one or more of the following methods:

- **adducing evidence of an admission made by another party to the proceeding as to the content of a document (s48(1)(a))**
- **tendering a copy of a document (s48(1)(b))**
- **tendering a transcript of a recording (s48(1)(c))**

Student Power! The Radical Days of the English Universities Esmée Sinéad Hanna, 2014-01-16
Student Power The Radical days of the English Universities is an original contribution to the exploration and understanding of the radicality of the English student movement of the 1960s This movement was significant and widespread within English universities and occurred within the context of global student unrest The research on which this book is founded brings together two key data sources documents and oral history interviews presenting previously unpublished and original research to detail the events of this important social movement The book's central focus is the exploration of the key events within the movement detailing the type of actions that occurred across the duration of the movement so as to paint a picture of what the movement was like Key insight is offered from those who were involved in the protests giving a voice to those who know first hand what it was like to be a student at the height of the Swinging Sixties The significance of the 1960s student movement is also refocused through a contemporary lens In light of recent renewals in student activism comparisons and contrasts between the current situation of students within the higher education system in England and those who were students in the Sixties are discussed By exploring what can be learnt from students of the Sixties focusing upon how they were able to create and sustain a social movement of this scale we can understand the constraints and influences on political action by students today This book is therefore relevant not only to our understanding of the past but also for thinking about social movements in the present The book therefore offers a rich narrative of a fascinating social movement telling previously untold stories of what it was like to be part of the biggest rebellion of English students at the height of the dramatic decade of change that was the Sixties This title will be of interest to academics students activists as well as those with a general interest in the history of the Sixties
