Understanding The Presidency 5th Edition:

The Bully Pulpit, Presidential Speeches, and the Shaping of Public Policy , Jeffrey S. Ashley, Marla J. Jarmer, 2015-11-11
Issue framing is the way that people especially politicians get other people to view a particular problem or issue. By framing the issue in a particular way the goal is to get people to think about the issue to believe that an action is required and most importantly to believe that a particular action the one being proposed by the framer is the right one. The use of language and imagery is an essential part of issue framing and has been an integral part of the presidency since our nation's founding but it has become particularly important since Theodore Roosevelt began to take his message directly to the people. This work examines a selected speech delivered by every president from Roosevelt through Barack Obama to show how language has been instrumental in directing policy. Each chapter will examine the situation or background for the problem, include a transcript of the speech the president delivered and conclude with an analysis of the speech in terms of the particular frame that the speech utilized and the eventual outcome or policy direction inspired by the speech.

The Presidential Leadership Dilemma Julia R. Azari, Lara M. Brown, Zim G. Nwokora, 2013-01-29
Throughout their time in office American presidents are often forced to choose between leading the nation and leading their party. In an earlier time when the major parties were less polarized this leadership dilemma while challenging was not nearly as vexing as it is today. American presidents now find themselves with little room to maneuver, compelled to serve the Constitution on the one hand and yet caught within bitter partisan disputes and large numbers of unaffiliated voters on the other. The contributors to this volume investigate how recent presidents have navigated these increasingly rocky political waters. Focusing on campaign strategy, presidential rhetoric, relations with Congress, domestic and foreign policy, *The Presidential Leadership Dilemma* presents a wide ranging detailed and fascinating study of how contemporary presidents face the challenge at the heart of every presidency.

Chronology of the U.S. Presidency Mathew Manweller, 2012-03-19
This engaging and authoritative four volume resource offers fascinating portrayals of the 44 men who have achieved the ultimate seat of power in the United States, the presidency. From George Washington to Barack Obama, *Chronology of the U.S. Presidency* portrays each of the nation's chief executives in richly observed detail. Chapter by chapter we meet the real flesh and blood men occupying the one office elected by the entire country, the office that most profoundly affects the workings of the government, U.S. relations with other countries, and the everyday lives of all American citizens. Spanning four volumes, this work covers each president's early life and rise to power, the pivotal events during his presidency, and when applicable his post-presidential life. In addition, the book includes sections on the First Ladies and presidential families, plus primary source documents, speeches, memos, messages to Congress, and entertaining FYI facts. For example, once bitter rivals John Adams and Thomas Jefferson died hours apart on the 50th anniversary of the Declaration of Independence; they helped create together. More than just names and dates, history. *Chronology of the U.S. Presidency* helps readers understand the ways each of these intriguing men changed the country and

how he in turn was impacted by his time in power

The American Elections of 2008 Janet M. Box-Steffensmeier, Steven E. Schier, 2009-04-16 The American Elections of 2008 assembles leading political scientists and journalists to explain the election results and their implications for America's future. Topics include financing the elections, religion's influence on the media, and how the George W. Bush legacy affected the outcome. The book also explores Congressional behavior in the twenty-first century and discusses how it affected election results in 2008.

Electoral College Reform Gary Bugh, 2016-04-29 The United States has not updated the Electoral College system since the Twelfth Amendment was ratified in 1804, despite public opinion polls showing a majority of Americans are in favor of changing or outright abolishing it. So why hasn't the United States reformed this system? Electoral College Reform brings together new essays examining all aspects of this crucial debate, including the reasons for reform, the issues surrounding a constitutional amendment, the effect of the Electoral College on political campaigns, and the possibilities for extra constitutional avenues to change. The authors consider both the Federalists' vision of balanced representation and a more democratic and equality-based ideal. These competing frameworks, perhaps more than any other factor, account for centuries of American indecision on this key issue. By offering an unprecedented and carefully researched analysis of an always controversial subject, this volume explores the potential for changing a system that many contend is long overdue.

The Keys to Power Shirley Anne Warshaw, 2015-09-25 An accessible and comprehensive main text for courses on the presidency, this text argues that to be a successful presidential leader, one must effectively manage the enormous institutional and personal resources or the keys to power. Using the keys to power theme, Warshaw argues that the presidency is far more powerful today than in past generations. The book offers the most coverage in the market on the structures that provide the president with such power. As a result, there are discrete chapters dedicated to the vice president, the president's cabinet, the White House staff, and the executive office of the President. Standard topics such as the president and the economy are still covered but are integrated throughout the chapters.

Guide to the Presidency and the Executive Branch Michael Nelson, 2012-08-13 This comprehensive two-volume guide is the definitive source for researchers seeking an understanding of those who have occupied the White House and on the institution of the U.S. presidency. Readers turn to *Guide to the Presidency and the Executive Branch* for its wealth of facts and analytical chapters that explain the structure, powers, and operations of the office and the president's relationship with Congress and the Supreme Court. The fifth edition of this acclaimed reference completes coverage of the George W. Bush presidency, the 2008 election, and the first 3 years of the presidency of Barack Obama. This includes coverage of their handling of the economic crisis, wars abroad, and Obama's healthcare initiatives. The work is divided into eight distinct subject areas covering every aspect of the U.S. presidency, and all chapters in each subject area have been revised and updated. Origins and Development of the Presidency, including constitutional beginnings, history of the presidency and vice presidency, and presidential ratings. Selection and Removal of the President, including the electoral process, a chronology of presidential elections, removal of the

president and vice president and succession Powers of the Presidency including the unilateral powers of the presidency and those as chief of state chief administrator legislative leader commander in chief and chief economist The President the Public and the Parties including presidential appearances the president and political parties the president and the news media the presidency and pop culture public support and opinion and the president and interest groups The Presidency and the Executive Branch including the White House Office the Office of the Vice President supporting organizations the cabinet and executive departments presidential commissions and executive branch housing pay and perquisites Chief Executive and Federal Government including the president and Congress the president and the Supreme Court and the president and the bureaucracy Presidents their Families and Life in the White House and Beyond including the daily life of the president the first lady the first family friends of presidents and life after the presidency Biographies of the Presidents Vice Presidents First Ladies This new volume also features more than 200 textboxes tables and figures Major revisions cover the supporting White House organizations and the president's role as chief economist Additional reference materials include explanatory headnotes as well as hundreds of photographs with detailed captions

Judging Bush Robert Maranto, Tom Lansford, Jeremy Johnson, 2009-09-02 There is no shortage of opinions on the legacy that George W Bush will leave as 43rd President of the United States Recognizing that Bush the Younger has been variously described as dimwitted opportunistic innovative and bold it would be presumptuous to draw any hard and fast conclusions about how history will view him Nevertheless it is well within academia's ability to begin to make preliminary judgments by weighing the evidence we do have and testing assumptions In the wake of the September 11 terrorist attacks and the initially successful military campaign in Afghanistan Bush and his administration enjoyed nearly unprecedented popularity But after failures in Iraq and in the federal government's response to Hurricane Katrina Bush's approval ratings plummeted Guided by a new framework Judging Bush boldly takes steps to evaluate the highs and lows of the Bush legacy according to four types of competence strategic political tactical and moral It offers a first look at the man his domestic and foreign policies and the executive office's relationship to the legislative and judicial branches from a distinguished and ideologically diverse set of award winning political scientists and White House veterans Topics include Bush's decision making style the management of the executive branch the role and influence of Dick Cheney elections and party realignment the Bush economy Hurricane Katrina No Child Left Behind and competing treatments of the wars in Iraq and Afghanistan Contributors include Lara M Brown David B Cohen Jeffrey E Cohen Laura Conley Jack Covarrubias John J DiIulio Jr William A Galston Frederick M Hess Karen M Hult Lori A Johnson Robert G Kaufman Anne M Khademian Lawrence J Korb Patrick McGuinn Michael Moreland Costas Panagopoulos James P Pfiffner Richard E Redding Neil Reedy Andrew Rudalevige Charles E Walcott and Shirley Anne Warshaw

Guide to the Presidency Michael Nelson, 2015-05-01 The Guide to the Presidency is an extensive study of the most important office of the U S political system Its two volumes describe the history workings and people involved in this

office from Washington to Clinton The thirty seven chapters of the Guide arranged into seven distinct subject areas ranging from the origins of the office to the powers of the presidency to selection and removal cover every aspect of the presidency Initially dealing with the constitutional evolution of the presidency and its development the book goes on to expand on the history of the office how the presidency operates alongside the numerous departments and agents of the federal bureaucracy and how the selection procedure works in ordinary and special circumstances Of special interest to the reader will be the illustrated biographies of every president from Washington to the present day and the detailed overview of the vice presidents and first ladies of each particular office Also included are two special appendices one of which gathers together important addresses and speeches from the Declaration of Independence to Clinton s Inaugural Address and another which provides results from elections and polls and statistics from each office

Latin American Politics And Development, Fifth Edition Howard J. Wiarda, 2019-03-06 This book offers a region wide overview of the patterns and processes of Latin American history politics society and development It provides a detailed country by country treatment and unique features of all Latin American countries

Rivals for Power James A. Thurber, 2009-08-16 Rivals for Power is a lively description of the power struggle between the president and Congress In it leading congressional and presidential scholars and knowledgeable former public officials consider the historical political and constitutional foundations of conflict between the two branches The authors give practical advice about how to build cooperative policymaking between the president and Congress as they struggle over major crises in solving economic problems and addressing domestic issues and the challenges in defense and foreign policy making The book features original academic research and practitioner knowledge from the White House and the Hill This fourth edition includes all new essays with unique and critical viewpoints on the role of the president and Congress in the policy making process Many of the essays focus on lessons learned about cooperation and conflict between the two branches from the Clinton and Bush presidencies The essays include preliminary analyses of President Barack Obama s relationship with Congress Because the authors have made major contributions as congressional and presidential scholars and have played key roles in Congress in the White House in the media and as lobbyists each chapter presents a different perspective The new edition of Rivals for Power is intended for students scholars public officials the media and the general public Contributions by Gary Andres Richard S Conley Roger H Davidson The Honorable Mickey Edwards Louis Fisher Patrick Griffin The Honorable Lee H Hamilton Mark J Oleszek Walter J Oleszek John E Owens James P Pfiffner Mark J Rozell Andrew Rudalevige Barbara Sinclair Mitchel A Sollenberger James A Thurber Stephen J Wayne and Joseph White

The Clinton Presidency and the Constitutional System Rosanna Perotti, 2012-06-06 Presidential scholars former and current policymakers and a former president bring varied insights and analyses to consider the impact influence and legacy of the presidency of William Jefferson Clinton the New Democrat from Hope Arkansas In the eight years between 1993 and 2001 the Clinton White House presided over a booming economy that included a budget surplus in Clinton s second term

oversaw the most significant welfare reform since the New Deal and wrestled with the challenge of developing a foreign policy vision for the post Cold War era Structurally the Clinton presidency expanded the office and responsibilities of the First Lady and the Vice President to an unprecedented degree prevailed in a budget battle with Congress that included two government shutdowns briefly employed a line item veto until the Supreme Court declared that power unconstitutional and endured the second impeachment of the chief executive in American history The evolution and consequences of the increased power held by modern presidents became sharply evident during the Clinton years In The Clinton Presidency and the Constitutional System based on the Eleventh Presidential Conference at Hofstra University readers are afforded a unique combination of scholarly analysis and the perspectives of former administration officials Students and scholars of the presidency will glean important understandings from the balanced judicious studies of the Clinton administration and their juxtaposition with firsthand recollections of some of the participants who defined and shaped those events

Constitutional Conflicts Between Congress and the President Louis Fisher, 2007 A classic on the separation of powers this book dissects the crucial constitutional disputes between the executive and legislative branches from the Constitutional Convention to the present day New material includes military tribunals and NSA eavesdropping disputes over executive orders state secrets privilege and post 9 11 wars in Afghanistan and Iraq

The Personal President Theodore J. Lowi, 1985 Looks at how the office of the presidency has changed argues that the president has become too central to national politics and suggests ways to restore the constitutional balance

American Democracy in Crisis Jeanne Sheehan, 2021-01-02 Public disenchantment with and distrust of American government is at an all time high and who can blame them In the face of widespread challenges everything from record levels of personal and national debt and the sky high cost of education to gun violence racial discrimination an immigration crisis overpriced pharmaceuticals and much more the government seems paralyzed and unable to act the most recent example being Covid 19 It s the deadliest pandemic in over a century In addition to an unimaginable sick and death toll it has left more than thirty million Americans unemployed Despite this Washington let the first round of supplemental unemployment benefits run out and for more than a month were unable to agree on a bill to help those suffering This book explains why we are in this situation why the government is unable to respond to key challenges and what we can do to right the ship It requires that readers upstream stop blaming the individuals in office and instead look at the root cause of the problem The real culprit is the system it was designed to protect liberty and structured accordingly As a result however it has left us with a government that is not responsive largely unaccountable and often ineffective This is not an accident it is by design Changing the way our government operates requires rethinking its primary goal s and then restructuring to meet them To this end this book offers specific reform proposals to restructure the government and in the process make it more accountable effective and responsive

The Cult of the Presidency Gene Healy, 2024-09-10 The modern presidency has become the central fault line of polarization in

America because the president increasingly has the power to reshape vast swaths of American life In *The Cult of the Presidency* Gene Healy argues that We the People are to blame Americans on each side of the red blue divide demand a president who can create jobs teach our children well tend to the national soul and vanquish their culture war enemies Our political culture has invested the office with preposterously vast responsibilities and as a result the officeholder wields powers that no human being ought to have In a new preface to the 2024 edition Healy argues that the rise of partisan hatred lends new urgency to the cause of re limiting executive power In the years since *Cult* was first published politics has gone feral with polls showing that substantial majorities of Democrats and Republicans view members of the other party as a serious threat to the United States and its people At the same time the most powerful office in the world has grown even more so That s raised the stakes of our political differences dramatically the issues that divide us most are now increasingly settled by whichever party manages to seize the office In our partisan myopia we ve laid down the infrastructure for autocratic rule and sectarian warfare making the presidency powerful enough to tear the country apart Interweaving historical scholarship legal analysis and trenchant cultural commentary *The Cult of the Presidency* traces America s decades long drift from the Framers vision for the presidency a constitutionally constrained chief magistrate charged with faithful execution of the laws Restoring that vision will require a Congress and a Court willing to check executive power but Healy emphasizes that there is no simple legislative or judicial fix Unless Americans change what we ask of the office no longer demanding what we should not want and cannot have we ll get what in a sense we deserve

Understanding The Presidency 5th Edition Introduction

In the digital age, access to information has become easier than ever before. The ability to download Understanding The Presidency 5th Edition has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Understanding The Presidency 5th Edition has opened up a world of possibilities. Downloading Understanding The Presidency 5th Edition provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a

button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Understanding The Presidency 5th Edition has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Understanding The Presidency 5th Edition. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Understanding The Presidency 5th Edition. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Understanding The Presidency 5th Edition, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Understanding The Presidency 5th Edition has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
