Understanding Rhetoric:

Understanding Rhetoric Elizabeth Losh, Jonathan Alexander, Kevin Cannon, Zander Cannon, 2017-01-27 After shaking up writing classrooms at more than 450 colleges and universities *Understanding Rhetoric* the comic style guide to writing that instructors have told us gets nothing but positive responses from students has returned for a second edition Combining the composition know how of Liz Losh and Jonathan Alexander with the comic art credibility of Kevin Cannon Far Arden Crater XV and Zander Cannon Heck Kaijumax *Understanding Rhetoric* encourages deep engagement with core concepts of writing and rhetoric as teachers and students alike have told us With a new chapter on collaboration unique coverage of writerly identity and extensive discussions of rhetoric reading argument research revision and presenting work to audiences the one and only composition comic covers what students need to know and does so with fun and flair A new Walk the Talk feature in each chapter helps students see how to put concepts to use in their own reading and writing And the detailed instructor's manual will help both novice and experienced instructors plan a course around *Understanding Rhetoric*

Understanding Rhetoric Eamon M. Cunningham, 2020-01-01 *Understanding Rhetoric A Guide to Critical Reading and Argumentation* is a composition textbook that outlines three essential skills rhetoric argument and source based writing geared towards newcomers and advanced students alike Though comprehensive in its coverage the book's focus is a simple one how to move beyond a gut reaction while reading to an articulation of what is effective and what is not while explicitly answering the most important question of Why This text gets at this central concern in two fundamental ways First the text teaches composition as a cumulative process coaching you how to question challenge and expand on not just the readings you hold in your hands but also how to interrogate the internal processes of writing and thinking The book's blend of composition methods detail the cross point of product and process to turn reading and writing from a matter of coming up with answers to questions to learning what type of questions need to be asked in the first place The right questions the text argues are fundamentally rhetorical in nature Second the content of the practice based chapters is framed into a larger mesh of intellectual history to show how the writing and thinking you are doing today is continuous with a long history of writing instruction that goes back to the ancient world This book provides equal representation from classical and contemporary theory with the recognition that theory cannot be fully grasped without practice and practice cannot be fully understood without its theoretical antecedent After all you can't write outside the box until you know where the box is and what it looks like
