Branick, 1998 A solid well done introduction to the New Testament for undergraduates that explores teaching on faith issues as well as the theology and spirituality of the New Testament Reflections study questions charts and indexes are included Introducing the New Testament D A Carson, Douglas J. Moo, 2010 This abridged edition of An Introduction to the New Testament focuses on historical questions dealing with authorship date sources purpose and destination of the New Testament books This book will help a new generation of students and church leaders better grasp the message of the New Testament A Critical Introduction to the New Testament Carl R. Holladay, 2011-07-01 This book introduces the New Testament in two senses it not only provides basic literary and historical information on each of the twenty seven writings but also orients readers to the religious theological and ethical issues related to the message and meaning of Jesus Christ The overall goal is to help interested readers of the New Testament become informed responsible interpreters of these writings and thereby enrich their personal faith and understanding By giving special emphasis to how the New Testament has helped shape the church s identity and theological outlook throughout the centuries as well as the role it has played within the broader cultures of both East and West this introduction also seeks to assist readers in exercising creative informed leadership within their own communities of faith and in bringing a deeper understanding of early Christianity to their conversations with the wider public Along with separate chapters devoted to each New Testament writing there are chapters explaining how this collection of texts emerged as uniquely authoritative witnesses to the church s faith why they were recognized as canonical whereas other early Christian writings were not how the four canonical Gospels are related to one another including a discussion of the Synoptic Problem how the Jesus tradition his teachings stories from his ministry and the accounts of his suffering death and resurrection originated and developed into Gospels written in narrative form and how the Gospels relate to Jesus Christ as he was and is Also included is a chapter on the writings of Paul and how they emerged as a collection of authoritative texts for the church This chapter includes a discussion of ancient letter writing special considerations for interpreting the Pauline writings and Paul s decisive influence within the history of the church and western culture **Dictionary of the Later New Testament & Its Developments** Ralph P. Martin, Peter H. Davids, 2010-05-11 This one of a kind reference volume provides focused study on the often neglected portions of the New Testament Acts Hebrews the General Epistles and Revelation Expert contributors present more information than any other single work dealing exclusively with the theology literature background and scholarship of the later New Testament and the apostolic church **God's Patience and our Work** Ben Fulford, 2024-02-28 In God s Patience and our Work Ben Fulford argues that Hans Frei s theology and ethics offers unheralded but valuable resources for thinking about the social and political engagement of Christian communities in pluralistic societies in light of hope in Jesus Christ He shows how Frei s project of recovering the conditions for and shape of

a generous orthodoxy runs through his work offering broad flexible vision of Christian identity ethical responsibility and humanistic witness focused in the person and presence of Jesus Christ In dialogue with liberation theologies Fulford draws from Frei an account of divine patience and providence to frame hopeful pragmatic Christian participation in work for dignity justice and penultimate reconciliation rooted in new and deeper contextual reading of his work

Bellinzoni,2010-12-08 Professor Bellinzoni has written a thoughtful and challenging book which must be taken seriously by all those who take the continued influence of Christianity for granted A part of this challenge is to acknowledge the discrediting of central elements of the gospel history But the other challenge just as important is to identify those parts of that tradition which might be reformulated for a future in which the role of Christianity in ethics society and culture is greatly diminished R Joseph Hoffmann Chair Committee for the Scientific Examination of Religion at the Center for Inquiry Professor of Religion Emeritus Wells College Christianity has endured for two thousand years weathering the challenges of clerical corruption religious wars internal schism and scientific criticism Today however there is increasing evidence that institutional Christianity is succumbing to the growing secularism of contemporary society Both church attendance and the number of clergy have noticeably declined Will Christianity survive for another thousand years or even a hundred years In this probing assessment of the state of Christianity biblical scholar Arthur J Bellinzoni boldly asserts that Christianity must break with the past and offer a new vision of the future if it hopes to survive Addressing four issues of central concern Bellinzoni advocates a radical rethinking of the Christian message First he suggests that the God concept must move beyond obsolete notions of a personal God and take its inspiration from such diverse sources as science Taoism Moses Thomas Jefferson and Martin Buber Second Bellinzoni urges a more sophisticated approach to the Bible one that

values its timeless elements but is not afraid to discard its many antiquated features Third he recommends a new emphasis on Jesus social ethic arguing that this could lead to a dramatic redistribution of the world s wealth and greater respect for the planet Fourth Bellinzoni criticizes the persistence of obsolete myth in Christianity demonstrating that without its mythical embellishments Christianity still offers a relevant understanding of the meaning of human existence A work of erudition that is also completely accessible to the lay reader The Future of Christianity provides a stimulating critique that forward thinking Christians will welcome Arthur J Bellinzoni Aurora NY is professor of religion emeritus at Wells College the author of The Future of Christianity Can It Survive The Old Testament An Introduction to Biblical Scholarship The Sayings of Jesus in the Writings of Justin Martyr and the editor of The Two Source Hypothesis and The Influence of the Gospel of Saint Matthew on Christian Literature Before Saint Irenaeus

Stuckenbruck,2017-04-01 The contemporary study of Jewish apocalypticism today recognizes the wealth and diversity of ancient traditions concerned with the unveiling of heavenly matters understood to involve revealed wisdom the revealed resolution of time and revealed cosmology in marked contrast to an earlier focus on eschatology as such The shift in focus has had a more direct impact on the study of ancient pseudepigraphic literature however than in New Testament studies where the narrower focus on eschatological expectation remains dominant In this Companion an international team of scholars draws out the implications of the newest scholarship for the variety of New Testament writings Each entry presses the boundaries of current discussion regarding the nature of apocalypticism in application to a particular New Testament author The cumulative effect is to reveal as never before early Christianity its Christology cosmology and eschatology as expressions of tendencies in Second Temple Judaism
