Unemployed How Desperation Led Me To The Worst Job Ever:

Unemployed Laura Dolan-Hayes, 2011-06-21 Desperate and overwhelmed by the mind numbing sameness of each day during ten months of unemployment and no interviews our heroine Laurie slowly unravels as she lowers her employment expectations Coming apart at the seams from the pounding boredom she accepts a job she is extremely overqualified for because she is willing to take anything at this point Watch as Lauries flawed and negative thinking takes her anything job from bad to worse to intolerable Based on a true story *Unemployed* shows how Lauries family including a crazy and outspoken mother in law gets what theyre thinking about for better or worse each and every time Like a swarming band of locusts the family brings on nervousness lack of money a raucous trip in an inner tube a whopping case of hemorrhoids the pursuit of a replacement dog just in case the medicinal consumption of gallons of red wine and some pretty lively dinner conversation Lauries thoughts take one shockingly simple turn and the door to the life of her dreams swings wide open If youre unemployed working in a job you hate have the boss from hell have a crazy mother in law or you simply like to laugh you will relate to *Unemployed How Desperation Led Me to the Worst Job Ever* **To Those Who Knew** Maggie P. Franken, 2011-01-07 What do the doctors at her work know about this nurse anesthetist that she doesnt even know herself Some of them know that shes on a broken path of a disease that nobody talked about its implications are just that dreadful But shes on a journey that no one could foresee And her way of looking at the disease would shed a whole new light on the situation Its a true story of one person having all the cards stacked against her but beating all the odds instead All but a few physicians have written her off but she fights for her life in the most desperate of ways It would take her a while to understand why they wont fix it and when she does nothing would prepare her for what she learns about her own medical crises and that of her familys In her autobiographical account youll also learn some important information that should be on your radar next time you see your doctor Even though it can now be fixed youll learn why the medical profession doesnt necessarily want you to know about it Everyone becomes a patient at some point in their life Be informed and maybe even be a couple steps ahead of your doctor *Congressional Record* United States.
