Tocqueville Democracy And Religion Checks And Balances For Democratic Souls:

Tocqueville, Democracy, and Religion Alan S. Kahan, 2015 A ground breaking study of the views of the greatest theorist of democracy writing about one of our most pressing issues Alan S Kahan a leading Tocqueville scholar shows how Tocqueville s analysis of religion is simultaneously deeply rooted in his thoughts on nineteenth century France and America and pertinent to us today Back cover **Culture, Secularization, and Democracy** Sophie van Bijsterveld, Hans-Martien ten Napel, 2024-06-25 Following the approach developed by Alexis de Tocqueville this volume views democracy as a cultural phenomenon It starts from the assumption that if we are to adequately address concerns about the current state and future of modern Western democracies we need first to tackle the cultural preconditions necessary for the functioning of a democracy Since Tocqueville s time the book takes the most crucial change in the West to be double secularisation Here this concerns first the diminished influence of organised Christianity Even though secularity was partly a product of Christianity secularisation is highly significant in terms of the cultural underpinnings of Western democracy Second it involves a decreased interest in and knowledge of classical philosophy Chapters on secularity family life civic life and public spirit focus on central elements of the changed cultural foundation of democracy exploring issues such as identity politics the public space and the role of human rights and natural law in a pluralistic and resilient democracy The volume concludes with a closer look at the implications of current presentism that is the view that only the present counts for the legitimacy and effectiveness of democratic systems Finally it asks if double secularisation can also offer fresh opportunities for promoting the conditions of a viable democracy The book will be of interest to academics and researchers working in the areas of law and religion constitutional law political science history and philosophy Chapter 4 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license *The Palgrave Handbook of Religion and State Volume I* Shannon Holzer, 2023-10-11 The Palgrave Handbook of Religion and State Volume I Theoretical Perspective deals with the relationship between Religion and its long history that has played out throughout time and across the globe Countries in Africa the Middle East and Europe approach the subject of religion and the state in various ways While the word religion to westerners usually brings Christianity to mind in Japan it is Shintoism and Buddhism Volume II offers chapters on the relationship of both Shintoism and Buddhism to the Japanese state It is very easy to see how the deeply traditional Japanese citizens may come into conflict with the strictly secular Japanese state It also contains chapters about mosque and state as well as synagogue and state
