Why Work Isn't Working Anymore Jim Karger, Fritz Aldrine, 2005 Less than half of all employees today are satisfied with their jobs After years of meager raises and mass layoffs employees do not believe employers care about them beyond their utility as human resources Corporate America has done little to reverse the precipitous decline in employee morale Most companies deny it exists in their own organizations Others have tried to improve morale with fancy mission statements renominating employees as team members making less look like more and balancing work and life as if those were two different experiences None of these solutions have been effective In this fascinating well researched book two experienced labor lawyers reveal why work isn't working anymore for most employees how and why companies have failed to reverse the decline in employee satisfaction and workplace happiness by relegating the entire workplace experience to economics and how managers and supervisors can make a positive difference by creating meaningful relationships with their employees using the authors Credible Connections relationship based management model *The Secret Life of the Corporate Jester* David T. would think of the good news of an emperor's accession to power, birthday visit to a city, military victory, or bringing of prosperity to the empire. But Mark's good news has to do with the salvation and victory brought by Jesus over evil in all its demonic and physical forms. The gospel of Jesus Christ therefore means the gospel about Jesus Christ and refers to a proclaimed message, the voice of one crying out, not a book, though because books like Mark's contain that proclaimed message, the term came to refer to those books in the capitalized form of Gospels to distinguish them from the message kept uncapitalized as gospel.
