Wizard Magazine Greatest Comic Characters:

The Greatest Comic Book of All Time Bart Beaty, Benjamin Woo, 2016-04-27 Bart Beaty and Benjamin Woo work to historicize why it is that certain works or creators have come to define the notion of a quality comic book while other works and creators have been left at the fringes of critical analysis **Icons of the American Comic Book** Randy Duncan, Matthew J. Smith, 2013-01-29 This book explores how the heroes and villains of popular comic books and the creators of these icons of our culture reflect the American experience out of which they sprang and how they have achieved relevance by adapting to and perhaps influencing the evolving American character Multiple generations have thrilled to the exploits of the heroes and villains of American comic books These imaginary characters permeate our culture even Americans who have never read a comic book grasp what the most well known examples represent But these comic book characters and their creators do more than simply thrill they make us consider who we are and who we aspire to be **Icons of the American Comic Book** From Captain America to Wonder Woman contains 100 entries that provide historical background explore the impact of the comic book character on American culture and summarize what is iconic about the subject of the entry Each entry also lists essential works suggests further readings and contains at least one sidebar that provides entertaining and often quirky insight not covered in the main entry This two volume work examines fascinating subjects such as how the superhero concept embodied the essence of American culture in the 1930s and the ways in which comic book icons have evolved to reflect changing circumstances values and attitudes regarding cultural diversity The book's coverage extends beyond just characters as it also includes entries devoted to creators publishers titles and even comic book related phenomena that have had enduring significance **Focus On: 100 Most Popular Fictional African-American People** Wikipedia contributors,

DC Comics Encyclopedia, **No Joke** M. Keith Booker, 2023-05-18 No Joke is a detailed examination of Todd Phillips's Joker one of the biggest global box office hits of 2019 While his success was no doubt partly because of the association of its title character with the Batman superhero franchise Joker is anything but a flashy superhero romp It does explore the pathologies of its central character and suggest ways in which his life experiences might have driven him to become a supervillain the arch enemy of Batman At the same time the film leaves open the possibility that its Joker is not in fact the same as the one conventionally associated with Batman In fact the film leaves open many interpretive possibilities in keeping with the complex work of postmodern art that it turns out to be Joker also engages in extensive dialogues with a range of works from modern American culture especially the films of the 1970s and 1980s the period in which the action of Joker is set Moreover Joker is a highly political film that comments in important ways on American political history from roughly the beginning of the presidency of Richard Nixon through the end of the Trump presidency with a special focus on the Reagan years It also comments in more general and fundamental ways on the very nature of American society and American capitalism All this and more is covered in M Keith Booker's analysis of one of the most talked about films of recent years

e-Pedia: Captain America: Civil War Contributors, Wikipedia, 2017-02-11 This carefully crafted ebook is formatted for your eReader with a functional and detailed table of contents Captain America Civil War is a 2016 American superhero film based on the Marvel Comics character Captain America produced by Marvel Studios and distributed by Walt Disney Studios Motion Pictures It is the sequel to 2011's Captain America: The First Avenger and 2014's Captain America: The Winter Soldier and the thirteenth film of the Marvel Cinematic Universe MCU The film is directed by Anthony and Joe Russo with a screenplay by Christopher Markus Stephen McFeely and features an ensemble cast including Chris Evans Robert Downey Jr Scarlett Johansson Sebastian Stan Anthony Mackie Don Cheadle Jeremy Renner Chadwick Boseman Paul Bettany Elizabeth Olsen Paul Rudd Emily VanCamp Tom Holland Frank Grillo William Hurt and Daniel Brühl In Captain America Civil War disagreement over international oversight of the Avengers fractures them into opposing factions one led by Steve Rogers and the other by Tony Stark This book has been derived from Wikipedia it contains the entire text of the title Wikipedia article the entire text of all the 634 related linked Wikipedia articles to the title article This book does not contain illustrations

Marvel Comics, Vol. 1, **Craft: Volume 01** Carla Sinclair, 2006-11-28 CRAFT is the first project based magazine dedicated to the renaissance that is occurring within the world of crafts Celebrating the DIY spirit CRAFT's goal is to unite inspire inform and entertain a growing community of highly imaginative people who are transforming traditional art and crafts with unconventional unexpected and even renegade techniques materials and tools resourceful spirits who undertake amazing crafting projects in their homes and communities Volume 01 the premier issue features 23 projects with a twist Make a programmable LED shirt turn dud shoes into great knitted boots felt an iPod cocoon embroider a skateboard and much more *Speculative Blackness* André M. Carrington, 2016-02-29 In *Speculative Blackness* Andr M Carrington analyzes the highly racialized genre of speculative fiction including science fiction fantasy and utopian works along with their fan cultures to illustrate the relationship between genre conventions in media and the meanings ascribed to blackness in the popular imagination Carrington's argument about authorship fandom and race in a genre that has been both marginalized and celebrated offers a black perspective on iconic works of science fiction He examines the career of actor Nichelle Nichols who portrayed the character Uhura in the original Star Trek television series and later became a recruiter for NASA and the spin off series Star Trek: Deep Space Nine set on a space station commanded by a black captain He recovers a pivotal but overlooked moment in 1950s science fiction fandom in which readers and writers of fanzines confronted issues of race by dealing with a fictitious black fan writer and questioning the relevance of race to his ostensible contributions to the zines Carrington mines the productions of Marvel comics and the black owned comics publisher Milestone Media particularly the representations of black sexuality in its flagship title Icon He also interrogates online fan fiction about black British women in Buffy the Vampire Slayer and the Harry Potter series Throughout this nuanced analysis Carrington theorizes the relationship between race and genre in cultural production revealing new understandings of the significance of blackness in twentieth

century American literature and culture
