with a profound searching and melancholy look in his blue eyes Even in company there was often an air about Mozart of being not quite there It was as if he lived onstage and off simultaneously a character in life s tragicomedy but also outside of it watching studying gathering material for the fabric of his art Like Jan Swafford s biographies Beethoven and Johannes Brahms Mozart is the complete exhumation of a genius in his life and ours a man who would enrich the world with his talent for centuries to come and who would immeasurably shape classical music As Swafford reveals it s nearly impossible to understand classical music s origins and indeed its evolutions as well as the Baroque period without studying the man himself
