Reading/Speaking/Writing the Mother Text; Essays on Caribbean Women's Writing Cristina Herrera, Paula Sanmartín, 2015-08-01 While scholarship on Caribbean women's literature has grown into an established discipline there are not many studies explicitly connected to the maternal subject matter and among them only a few book length texts have focalized motherhood and maternity in writings by Caribbean women Reading Speaking Writing the Mother Text Essays on Caribbean Women's Writing encourages a crucial dialogue surrounding the state of motherhood scholarship within the Caribbean literary landscape to call for attention on a theme that although highly visible remains understudied by academics While this collection presents a similar comparative and diasporic approach to other book length studies on Caribbean women's writing it deals with the complexity of including a wider geographical linguistic ethnic and generic diversity while exposing the myriad ways in which Caribbean women authors shape and construct their texts to theorize motherhood mothering maternity and mother daughter relationships

Puerto Rico in the American Century César J. Ayala, Rafael Bernabe, 2009-06-23 Offering a comprehensive overview of Puerto Rico's history and evolution since the installation of U S rule Cesar Ayala and Rafael Bernabe connect the island's economic political cultural and social past Puerto Rico in the American Century explores Puerto Ricans in the diaspora as well as the island residents who experience an unusual and daily conundrum they consider themselves a distinct people but are part of the American political system they have U S citizenship but are not represented in the U S Congress and they live on land that is neither independent nor part of the United States Highlighting both well known and forgotten figures from Puerto Rican history Ayala and Bernabe discuss a wide range of topics including literary and cultural debates and social and labor struggles that previous histories have neglected Although the island's political economy remains dependent on the United States the authors also discuss Puerto Rico's situation in light of world economies Ayala and Bernabe argue that the inability of Puerto Rico to shake its colonial legacy reveals the limits of free market capitalism a break from which would require a renewal of the long tradition of labor and social activism in Puerto Rico in connection with similar currents in the United States

Making Livable Worlds Hilda Lloréns, 2021-11-05 When Hurricanes Irma and Maria made landfall in Puerto Rico in September 2017 their destructive force further devastated an archipelago already pummeled by economic austerity political upheaval and environmental calamities To navigate these ongoing multiple crises Afro Puerto Rican women have drawn from their cultural knowledge to engage in daily improvisations that enable their communities to survive and thrive Their life affirming practices developed and passed down through generations offer powerful modes of resistance to

gendered and racialized exploitation ecological ruination and deepening capitalist extraction Through solidarity reciprocity and an ethics of care these women create restorative alternatives to dispossession to produce good meaningful lives for their communities Making Livable Worlds weaves together autobiography ethnography interviews memories and fieldwork to recast narratives that continuously erase Black Puerto Rican women as agents of social change In doing so Llor ns serves as an ethnographer of home as she brings to life the powerful histories and testimonies of a marginalized disavowed community that has been treated as disposable

Remixing Reggaetón Petra R. Rivera-Rideau, 2015-09-17 Puerto Rico is often depicted as a racial democracy in which a history of race mixture has produced a racially harmonious society. In *Remixing Reggaetón* Petra R. Rivera-Rideau shows how reggaetón musicians critique racial democracy's privileging of whiteness and concealment of racism by expressing identities that center blackness and African diasporic belonging. Stars such as Tego Calderón criticize the Puerto Rican mainstream's tendency to praise black culture but neglecting and marginalizing the island's black population while Ivy Queen, the genre's most visible woman, disrupts the associations between whiteness and respectability that support official discourses of racial democracy. From censorship campaigns on the island that sought to devalue reggaetón to its subsequent mass marketing to U.S. Latino listeners, Rivera-Rideau traces reggaetón's origins and its transformation from the music of San Juan's slums into a global pop phenomenon. *Reggaetón* she demonstrates provides a language to speak about the black presence in Puerto Rico and a way to build links between the island and the African diaspora.

Negotiating Empire Solsiree del Moral, 2013-03-15 After the United States invaded Puerto Rico in 1898, the new unincorporated territory sought to define its future. Seeking to shape the next generation and generate popular support for colonial rule, U.S. officials looked to education as a key venue for promoting the benefits of Americanization. At the same time, public schools became a site where Puerto Rican teachers, parents, and students could formulate and advance their own projects for building citizenship. In *Negotiating Empire*, Solsiree del Moral demonstrates how these colonial intermediaries aimed for regeneration and progress through education. Rather than seeing U.S. empire in Puerto Rico during this period as a contest between two sharply polarized groups, del Moral views their interaction as a process of negotiation. Although educators and families rejected some tenets of Americanization, such as English language instruction, they also redefined and appropriated others to their benefit to increase literacy and skills required for better occupations and social mobility. Pushing their citizenship building vision through the schools, Puerto Ricans negotiated a different school project, one that was reformist yet radical, modern yet traditional, colonial yet nationalist.
