The Deans' Bible Angie Klink, 2014-03-15 Five women successively nurtured students on the Purdue University campus in America's heartland during the 1930s to 1990s. Each became a legendary dean of women or dean of students. Collectively, they wove a sisterhood of mutual support in their common, sometimes thwarted, pursuit of shared human rights and equality for all. Dorothy C. Stratton, Helen B. Schleman, M. Beverley Stone, Barbara I. Cook, and Betty M. Nelson opened new avenues for women and became conduits for change, fostering opportunities for all people. They were loved by students and revered by colleagues. The women also were respected throughout the United States as founding leaders of the Coast Guard Women's Reserve SPARs, frontrunners in the National Association of Women Deans and Counselors, and pivotal members of presidential committees in the Kennedy and Nixon administrations. The Deans Bible sheds light on cultural change in America, exploring how each of the deans participated nationally in the quest for equality. As each woman succeeded, the other knitted their bond with a secret symbol, a Bible. The Bible was handed down from dean to dean, with favorite passages marked. The word Bible is often used in connection with reference works or guidebooks. The Deans Bible is just that, brimming with stories of courageous women who led by example and lived their convictions.

Culture and Emotion in Educational Dynamics Enrique H. Riquelme, Dario Paez, Silvia Cristina da Costa Dutra, 2024-06-18 Culture plays a significant role in regulating emotions and influencing the dissemination of education, particularly within diverse geographic locations. However, the impact of culture on emotional dynamics within educational settings is not well understood. This is particularly important within contexts of social and cultural diversity where schools must navigate cultural and majority emotional dynamics. The aim of this research topic is to provide a comprehensive overview of the current state of the art in the field of emotional dynamics in education, with a particular focus on the ways in which culture mediates these dynamics. The topic will also explore the problems and solutions deployed within educational contexts of cultural diversity, with a specific emphasis on school-family and community interaction.
