Prophecies of Language Kristina Mendicino,2016-12-01 The scenes of Babel and Pentecost the original confusion of tongues and their redemption through translation haunt German Romanticism and Idealism This book begins by retracing the ways in which the task of translation so crucial to Romantic writing is repeatedly tied to prophecy not in the sense of telling future events but in the sense of speaking in the place of another most often unbeknownst to the speaker herself In prophetic speech the confusion of tongues repeats each time anew as language takes place unpredictably in more than one voice and more than one tongue at once Mendicino argues that the relation between translation and prophecy drawn by German Romantic writers fundamentally changes the way we must approach this so called Age of Translation Whereas major studies of the period have taken as their point of departure the opposition of the familiar and the foreign Mendicino suggests

that Romantic writing provokes the questions how could one read a language that is not one And what would such a polyvocal polyglot language have to say about philology both for the Romantics whose translation projects are most intimately related to their philological preoccupations and for us In *Prophecies of Language* these questions are pursued through readings of major texts by G W F Hegel Wilhelm von Humboldt Friedrich Schlegel and Friedrich Hölderlin These readings show how when one questions the presupposition of works composed by individual authors in one tongue these texts disclose more than a monoglot reading yields namely the plus of their linguistic plurality From such a surplus each chapter goes on to advocate for a philology that in and through an inclination toward language takes neither its unity nor its structure for granted but allows itself to be most profoundly affected addressed and afflicted by it *Reimagining the Human in Contemporary French Science Fiction* Christina Lord, 2023-04-15 The study of French science fiction even in France remains an underexploited field Only recently have French literary scholars been able to gain recognition for the validity of studying SF but their works are often literary histories This is the first book length study to take into account both French and Anglo American intellectual trends theories and SF scholarship and apply them to a corpus of French works It shows how contemporary French SF imagines two broad philosophical inquiries into the powerful yet terrifying geological age of the Anthropocene posthumanism and transhumanism While the posthumanist perspective calls attention to the interdependence and co evolution of humans and nonhumans within a complex ecosystem of life the transhumanist view of coping with the Anthropocene offers more pragmatic tool based solutions rather than a reworking of the human imagination Given the history of philosophical thought's entanglement with literature in France French SF can tell us a lot about this existential crisis of Anthropos as both destroyer and savior of worlds and bodies alike With a focus on encounters between humans nonhumans and posthumans in selected works this book investigates both the immaterial the psychological state of the mind and material the body stakes of posthumanist or transhumanist thinking in French SF *Threading Time* Dolores Bausum, 2001 Publisher Fact Sheet The author uses a generic conception of threadwork all kinds of work done with thread fiber yarn to explore the essential link between the human spirit the art of connecting threads relying primarily on art literature sources *The Complete Book of Knitting, Crochet, & Embroidery* Pam Dawson, 1976 This book offers a complete guide to knitting crochet and embroidery Designed to be instructive even to the expert it teaches the basic techniques needed to embark on each skill and builds upon them step by step to encompass the full range of possibilities offered by each *Fearless* Elliott James, 2015-08-11 Prince Charming rescues a student in a small college town in this fast paced urban fantasy with rich world building and a strong female lead Someone somewhere has declared war on Kevin Kichida and that someone has a long list of magical predators on their rolodex The good news is that Kevin lives in a town where Ted Cahill is the new sheriff and old ally of John Charming The attacks on Kevin seem to be a pattern and the more John and his new team follow that thread the deeper they find themselves in a maze of supernatural threats family secrets and age old betrayals The

more John learns the more convinced he becomes that Kevin Kichida isn't just a victim he's a sacrifice waiting to happen And that thread John's following It's really a fuse Fearless is the third novel in an urban fantasy series which gives a new twist to the Prince Charming tale *Unraveling Religious Leadership* Kristina Lizardy-Hajbi, 2024-04-23 *Unraveling Religious Leadership* considers various attributes related to the form and function of leadership within religious institutions in conversation with decolonial ideas and practices Decoloniality in negation of the ongoing legacies of colonialism seeks ways of being and doing beyond white eurowestern modern ideals of who a leader is and what a leader does especially in the context of Christianity and its entanglements with empire In this book Lizardy Hajbi draws upon decolonial ideas worldviews and practices to question the current assumed understandings of religious leadership as individual singular in role and structure centralizing in power possessing of expertise and select qualifications production oriented and primarily change inducing Pulling on each of these threads invites a reconsideration of the epistemologies knowledges and ontologies notions of being that give shape to religious leadership in North American Christianity today Lizardy Hajbi's innovative approach directly challenges popular leadership styles in wide use among leaders today placing these styles in conversation with decolonial scholarship diverse realities and worldviews and practices that disrupt idealized norms Popular styles such as authentic charismatic servant executive and transformational leadership are found wanting in terms of their substance and utility for meaningful leadership within religious institutions Ultimately Lizardy Hajbi engages readers by presenting alternative constructions that consider the myriad complexities within both the role and function of leadership offering new ways to frame the leadership identities the church needs for today's world *Stranger Skies* Pascale Lacelle, 2024-11-07 The sequel to NYT bestselling *Curious Tides* and the second book in this lush and intoxicating world of dark academia lunar magic secret societies and dangerous friendships After going through the door that called to them both in dreams Emory and Romie find themselves in the Wychwood albeit a twisted rotting version of it that feels wrong Meanwhile tensions flare at Aldryn College when the truth about Collapsings comes to light sparking rumours of the Shadow's imminent return Determined to cross into the Deep Baz and Kai go through the door only to be pulled back in time instead Across time and worlds the four friends find their fates eerily interwoven with those of the heroes from Clover's book But when they encounter a deadlier enemy than they ever thought possible they must decide for themselves how their story will end Opening locked doors has a price even for those who hold a key Praise for *Curious Tides* A world that pulses and breathes With intricate magic and a mystery that spirals as deep and dark as it can go *Curious Tides* is a marvel in atmosphere Chloe Gong 1 New York Times bestselling author of *These Violent Delights* Rich immersive and astonishingly layered I want to sink into this darkly magical world and never leave Laura Steven author of *The Society for Soulless Girls* Vividly imagined beautifully written and as dark as it is dazzling *Curious Tides* will drag you under from the very first page Sarah Underwood New York Times bestselling author of *Lies We Sing to the Sea* A darkly enchanting story that had me turning pages like mad
