Yoder, 2024 Instrumentalization of the wartime past for political gain is the subject of this

study of eleven World War II commemorations Using a comparative conceptually original approach Yoder identifies the actors who manipulate memory surrounding wartime anniversaries such as the bombing of Dresden and ceremonies to honor fallen soldiers and fascist collaborators The cases of memory contestation span three geographic regions Western Europe Eastern Europe and Russia recognizing that each developed distinctive interpretations of the war and different patterns of memory politics This empirically rich study reveals the grievances that motivate memory challengers and their strategies for shaping the commemoration discourses and rituals The memory challengers toolkit includes varieties of emotional manipulation subtle distortion revisionism and full scale denial The study finds that while there are differences in context and strategy across cases and regions there are also areas of convergence Moreover a memory challenge in one country can spill over into others with serious consequences for foreign relations While World War II Memory and Contested Commemorations in Europe and Russia deals with debates and narratives about events in the last century its focus is on power persuasion and identity in the present World War II Evan Mawdsley,2020-04-30 The World in 1937 Japan and China 1937 1940 Hitler s Border Wars 1938 1939 Germany Re fights World War I 1939 fights World War I 1939 1940 Wars of Ideology 1941 1942 The Red Army versus the Wehrmacht 1942 1944 Japan s Lunge for Empire 1941 1942 Defending the Perimeter Japan 1942 1944 The World Ocean and Allied Victory 1939 1945 The European Periphery 1940 1944 Wearing down Germany 1942 1944 Victory in Europe 1944 1945 End and Beginning in Asia 1945 Conclusion Bowker's Complete Video Directory, 1998 ,1998

Europe at War 1939-1945 Norman Davies,2006-12-01 The conventional narrative of the Second World War is well known after six years of brutal fighting on land sea and in the air the Allied Powers prevailed and the Nazi regime was defeated But as in so many things the truth is somewhat different Bringing a fresh eye to bear on a story we think we know Norman Davies Davies forces us to look again at those six years and to discard the usual narrative of Allied good versus Nazi evil reminding us that the war in Europe was dominated by two evil monsters Hitler and Stalin whose fight for supremacy consumed the best people in Germany and in the USSR The outcome of the war was at best ambiguous the victory of the West was only partial its moral reputation severely tarnished and for the greater part of the continent of Europe liberation was only the beginning of more than fifty years of totalitarian oppression PRAISE FOR NORMAN DAVIES Davies writes with real knowledge and passion Michael Burleigh Evening Standard Punchy and compelling Noel Malcolm Sunday Telegraph

Europe at War Norman Davies,2006 What was the biggest operation of World War II in Europe What was the name of the largest concentration camp operating in Europe between 1939 and 1945 What European nationality lost the largest number of civilians between 1939 45 This work answers these questions and presents a history of the Second World War American History ,1999
