Simons, 1997-10-27 This book focuses on the Vietnam Syndrome the effects for the United States of the American defeat in the Vietnam War It argues that a full understanding of the Syndrome requires a proper appreciation of key shaping elements in Vietnamese and American history Attention is given to the racial genocide that attended the birth of the United States to US imperialism and capitalism and to the Cold War framework The nature of America as a plutocracy is emphasised followed by profiles of policy options and three specific issues post war Vietnam El Salvador and Iraq ***Nation-building*** Gungwu Wang, 2005 Addressing questions such as how should historians treat the earlier pasts of each country and the nationalism that guided the nation building tasks this book tries to put them not only in the perspective of Southeast Asian developments of the past five decades but also the larger areas of historiography ***In Search of Southeast Asia*** David Joel Steinberg, David P. Chandler, William R. Roff, John R. W. Smail, Robert H. Taylor, Alexander Woodside, David K. Wyatt, 1988-01-01 Six contemporary historians trace the development of distinctive cultural political and social institutions in Southeast Asia ***Vietnam*** John Prados, 2009 The first major synthesis of the war since 2001 drawing upon a host of newly declassified documents presidential tapes and overlooked foreign sources to give the most comprehensive look to date of the war that still haunts America ***Vietnam*** Stanley Karnow, 1984 ***Historical Dictionary of Vietnam (Asian/Oceanian Historical Dictionaries, No. 27)*** William J. Duiker, 1998 The second edition of this text which presents facts about Vietnamese history politics and government economics and culture A large portion of the entries deal with important figures and events in Vietnamese history and current culture In the ASIAN OCEANIAN HISTORICAL DICTIONARIES series ***The Vietnam War*** Mitchell K. Hall, 2014-07-22 The Vietnam War examines the conflict from its origins through to 1975 and North Vietnam's victory This new revised edition is completely up to date with current academic debates and includes new source material Mitchell Hall explores all the key elements of the conflict including US motivations for entering the war and the

Vietnam's American War Pierre Asselin, 2024-06-13 The American war in Vietnam was so much more than the sum of its battles To make sense of it we must look beyond the conflict itself We must understand its context and above all the formative experiences worldview and motivations of those who devised communist strategies and tactics Vietnam's American War now in its second edition remains a story of how and why Hanoi won However this revised and expanded edition offers more extensive and nuanced insights into Southern Vietnamese history politics and society It puts to rest the myth of Vietnamese national unity by documenting the myriad profound local fractures exacerbated by US intervention It also includes over thirty five new images intended to highlight that the Vietnam War was fundamentally a Vietnamese civil war and tragedy This new edition is as richly detailed as it is original eye opening and absorbing *A History of the Center for Vietnamese Studies at Southern Illinois University, 1969-1976* Larry D.
