Thinking Like An Island Navigating A Sustainable Future In Hawaii:

Thinking Like an Island Jennifer Chirico, Gregory S. Farley, 2015-04-30 Hawaii is a rare and special place in which beauty and isolation combine to form a vision of paradise That isolation though comes at a price resources in modern day Hawaii are strained and expensive and current economic models dictate that the Hawaiian Islands are reliant upon imported food fuels and other materials Yet the islands supported a historic Hawaiian population of a million people or more This was possible because Hawaiians prior to European contact had learned the ecological limits of their islands and how to live sustainably within them Today Hawaii is experiencing a surge of new strategies that make living in the islands more ecologically economically and socially resilient A vibrant native agriculture movement helps feed Hawaiians with traditional foods and employs local farmers using traditional methods efforts at green homebuilding help provide healthy comfortable housing that exists in better harmony with the environment efforts to recycle wastewater help reduce stress on fragile freshwater resources school gardens help feed families and reconnect them with local food and farming At the same time many of the people who have developed these strategies find that their processes reflect and in some cases draw from the lessons learned by Hawaiians over thousands of years This collection of case studies is a road map to help other isolated communities island and mainland navigate their own paths to sustainability and establishes Hawaii as a model from which other communities can draw inspiration practical advice and hope for the future *Thinking Like an Island* Jennifer Chirico, Gregory S. Farley, 2015

Indigenous Food Sovereignty in the United States Devon A. Mihesuah, Elizabeth Hoover, 2019-08-02 All those interested in Indigenous food systems sovereignty issues or environment and their path toward recovery should read this powerful book Kathie L Beebe American Indian Quarterly Centuries of colonization and other factors have disrupted indigenous communities ability to control their own food systems This volume explores the meaning and importance of food sovereignty for Native peoples in the United States and asks whether and how it might be achieved and sustained Unprecedented in its focus and scope this collection addresses nearly every aspect of indigenous food sovereignty from revitalizing ancestral gardens and traditional ways of hunting gathering and seed saving to the difficult realities of racism treaty abrogation tribal sociopolitical factionalism and the entrenched beliefs that processed foods are superior to traditional tribal fare The contributors include scholar activists in the fields of ethnobotany history anthropology nutrition insect ecology biology marine environmentalism and federal Indian law as well as indigenous seed savers and keepers cooks farmers spearfishers and community activists After identifying the challenges involved in revitalizing and maintaining traditional food systems these writers offer advice and encouragement to those concerned about tribal health environmental destruction loss of species habitat and governmental food control **Hawaiian by Birth** Joy Schulz, 2020-07-01 2018 Sally and Ken Owens Award from the Western History Association Twelve companies of American missionaries were sent to the Hawaiian Islands between 1819 and 1848 with the goal of spreading American Christianity and New England values By the 1850s American

missionary families in the islands had birthed more than 250 white children considered Hawaiian subjects by the indigenous monarchy but U S citizens by missionary parents In *Hawaiian by Birth* Joy Schulz explores the tensions among the competing parental cultural and educational interests affecting these children and in turn the impact the children had on nineteenth century U S foreign policy These children of white missionaries would eventually alienate themselves from the Hawaiian monarchy and indigenous population by securing disproportionate economic and political power Their childhoods complicated by both Hawaiian and American influences led to significant political and international ramifications once the children reached adulthood Almost none chose to follow their parents into the missionary profession and many rejected the Christian faith Almost all supported the annexation of Hawai i despite their parents hope that the islands would remain independent Whether the missionary children moved to the U S mainland stayed in the islands or traveled the world they took with them a sense of racial privilege and cultural superiority Schulz adds children s voices to the historical record with this first comprehensive study of the white children born in the Hawaiian Islands between 1820 and 1850 and their path toward political revolution

[Listen but Don't Ask Question](#) Kevin Fellezs,2019-12-06 Performed on an acoustic steel string guitar with open tunings and a finger picking technique Hawaiian slack key guitar music emerged in the mid nineteenth century Though performed on a non Hawaiian instrument it is widely considered to be an authentic Hawaiian tradition grounded in Hawaiian aesthetics and cultural values In *Listen But Don t Ask Question* Kevin Fellezs listens to Kanaka Maoli Native Hawaiian and non Hawaiian slack key guitarists in Hawai i California and Japan attentive to the ways in which notions of Kanaka Maoli belonging and authenticity are negotiated and articulated in all three locations In Hawai i slack key guitar functions as a sign of Kanaka Maoli cultural renewal resilience and resistance in the face of appropriation and occupation while in Japan it nurtures a merged Japanese Hawaiian artistic and cultural sensibility For diasporic Hawaiians in California it provides a way to claim Hawaiian identity By demonstrating how slack key guitar is a site for the articulation of Hawaiian values Fellezs illuminates how slack key guitarists are reconfiguring notions of Hawaiian belonging aesthetics and politics throughout the transPacific

A Sustainable Philosophy—The Work of Bryan Norton Sahotra Sarkar,Ben A. Minter,2018-07-16 This book provides a richly interdisciplinary assessment of the thought and work of Bryan Norton one of most innovative and influential environmental philosophers of the past thirty years In landmark works such as *Toward Unity Among Environmentalists* and *Sustainability A Philosophy of Adaptive Ecosystem Management* Norton charted a new and highly productive course for an applied environmental philosophy one fully engaged with the natural and social sciences as well as the management professions *A Sustainable Philosophy* gathers together a distinguished group of scholars and professionals from a wide array of fields including environmental philosophy natural resource management environmental economics law and public policy to engage Norton s work and its legacy for our shared environmental future A study in the power of intellectual legacy and the real world influence of philosophy the book will be of great interest scholars and

students in environmental philosophy public policy and management and environmental and sustainability studies By considering the value and impact of Norton's body of work it will also chart a course for the next generation of pragmatic environmental philosophers and sustainability scholars grappling with questions of environmental value knowledge and practice in a rapidly changing world

Routledge Handbook of Food as a Commons Jose Luis Vivero-Pol, Tomaso Ferrando, Olivier De Schutter, Ugo Mattei, 2018-12-17 From the scientific and industrial revolution to the present day food an essential element of life has been progressively transformed into a private transnational mono dimensional commodity of mass consumption for a global market But over the last decade there has been an increased recognition that this can be challenged and reconceptualized if food is regarded and enacted as a commons This Handbook provides the first comprehensive review and synthesis of knowledge and new thinking on how food and food systems can be thought interpreted and practiced around the old new paradigms of commons and commoning The overall aim is to investigate the multiple constraints that occur within and sustain the dominant food and nutrition regime and to explore how it can change when different elements of the current food systems are explored and re imagined from a commons perspective Chapters do not define the notion of commons but engage with different schools of thought the economic approach based on rivalry and excludability the political approach recognizing the plurality of social constructions and incorporating epistemologies from the South the legal approach that describes three types of proprietary regimes private public and collective and different layers of entitlement bundles of rights and the radical activist approach that considers the commons as the most subversive coherent and history rooted alternative to the dominant neoliberal narrative These schools have different and rather diverging epistemologies vocabularies ideological stances and policy proposals to deal with the construction of food systems their governance the distributive implications and the socio ecological impact on Nature and Society The book sparks the debate on food as a commons between and within disciplines with particular attention to spaces of resistance food sovereignty de growth open knowledge transition town occupations bottom up social innovations and organizational scales local food national policies South South collaborations international governance and multi national agreements Overall it shows the consequences of a shift to the alternative paradigm of food as a commons in terms of food the planet and living beings

Caring About Hunger George Kent, 2016-09-25 In this world of abundant resources and huge wealth hunger cannot be understood simply as a problem of food production It is also a matter of human relations Hunger grows out of widespread indifference and exploitation The goal of ending hunger has been achieved in many places including places where people have little money In stable strong communities where people care about one another's well being no one goes hungry That caring is strengthened when people work and play together This insight tells us the direction we need to take to move toward a world without hunger The problem of global hunger will be solved when we learn to live together well locally

Mastery Tony Wagner, Ulrik Juul Christensen, 2025-09-16 If you've ever wondered why our education system feels stuck

in the past this book delivers both a powerful critique and a bold vision for the future Daniel H Pink 1 New York Times bestselling author of Drive How much information is forgotten almost immediately after it is taught How many students graduate from high school unprepared for careers where lifelong learning is essential to succeed These problems stem from an educational system that uses time spent in a classroom and the results of standardized multiple choice tests as proxies for actual understanding Educators Tony Wagner and Ulrik Juul Christensen call for a radical new system of learning where students progress individually when they demonstrate that they can use what they have learned no matter how long it takes to get there This is called mastery learning and it is the future of education This book shows how mastery learning is already being put to use in the United States and around the world from kindergarten to college and in the workplace Through conversations with teachers students parents policymakers and employers Wagner and Christensen show how mastery improves motivation and prepares students for productive work an engaged civic life and personal growth and well being They also outline the challenges of adopting mastery learning and how to overcome them Mastery is an urgent call to action to transform education for all

deeply in the heart of Hawaii **Island Tourism Sustainability and Resiliency** Michelle McLeod, Rachel Dodds, Richard Butler, 2022-04-27 This book provides comprehensive insight into the challenges faced by island tourism destinations and theoretical and practical paths for built in sustainability and resiliency It explores Island Tourism Resilience within the context of Lifecycles System Decline and Resilience Tourism is a key activity for many islands and some depend on the tourism sector as a main economic activity An exploration of islands across the globe that addresses substantial matters of ongoing sustainability and resiliency is ever important An array of challenges including natural disasters climate change economic and political crises among others has been addressed in the book with additional areas such as overtourism and COVID 19 included at the conclusion This volume is essential reading for academics tourism planners and policy makers seeking to develop sustainable and resilient island destinations With a new Foreword Introduction Conclusion and Afterword the chapters in this book were originally published in the journal *Tourism Geographies* **Backpacker** ,2007-09

Backpacker brings the outdoors straight to the reader s doorstep inspiring and enabling them to go more places and enjoy nature more often The authority on active adventure Backpacker is the world s first GPS enabled magazine and the only magazine whose editors personally test the hiking trails camping gear and survival tips they publish Backpacker s Editors Choice Awards an industry honor recognizing design feature and product innovation has become the gold standard against which all other outdoor industry awards are measured *Systemic Crises of Global Climate Change* Phoebe Godfrey, Denise Torres, 2016-04-14 Sociological literature tends to view the social categories of race class and gender as distinct and has avoided discussing how multiple intersections inform and contribute to experiences of injustice and inequity This limited focus is clearly inadequate *Systemic Crises of Global Climate Change* is an edited volume of 49 international interdisciplinary contributions addressing global climate change GCC by intentionally engaging with the issues of race gender and class through an intersectional lens The volume challenges and inspires readers to foster new theoretical and practical linkages and think beyond the traditional and oftentimes reductionist environmental science frame by examining issues within their turbulent political cultural and personal landscapes Varied media and writing styles invite students and educators to reflexively engage different yet complementary approaches to GCC analysis and interpretation mirroring the disparate voices and viewpoints within the field The second volume *Emergent Possibilities for Sustainability* will take a similar approach but will examine the possibilities for solutions as in the quest for global sustainability This book is a valuable resource for academics researchers and both undergraduate and post graduate students in the areas of Environmental Studies Climate Change Gender Studies and International studies as well as those seeking a more intersectional analysis of GCC

Envision Laie Hawaii Reserves Incorporated, 2009 *Tending the Garden Island* Ken Stokes, 2002-06 *Tending the Garden Island* is an inspiring progress report on community building that integrates recent work in social capital and ecological economics and applies it to a Kauaian style of living in ecosystems and a history of initiative in this isolated rural

place More than a first hand account of one plantation cum resort island on the edge of over development this forward looking assessment charts a course for dramatic change in how Kauaian community resources are managed and island sustainability attained In 100 fact packed pages what is known about this Kauaian economy ecology and community is presented with lots of graphics and a prosaic narrative woven around the island s current situation and coming challenges

Sustainability in the Small Island States of the Pacific, 1999 **Mapping Abundance for a Planetary Future** Candace Fujikane, 2021-01-11 In Mapping Abundance for a Planetary Future Candace Fujikane contends that the practice of mapping abundance is a radical act in the face of settler capital s fear of an abundance that feeds Cartographies of capital enable the seizure of abundant lands by enclosing wastelands claimed to be underdeveloped By contrast Kanaka Maoli Native Hawaiian cartographies map the continuities of abundant worlds Vital to restoration movements is the art of kilo intergenerational observation of elemental forms encoded in storied histories chants and songs As a participant in these movements Fujikane maps the ecological lessons of these elemental forms reptilian deities who protect the waterways sharks who swim into the mountains the navigator M ui who fishes up the islands the deities of snow and mists on Mauna Kea The laws of these elements are now being violated by toxic waste dumping leaking military jet fuel tanks and astronomical industrial complexes As K naka Maoli and their allies stand as land and water protectors Fujikane calls for a profound attunement to the elemental forms in order to transform climate events into renewed possibilities for planetary abundance *Island Sustainability* Hiroshi Kakazu, 2008-11 This book is devoted to island sustainability with a focus on the small island economies in the Pacific especially islands of Okinawa located at the southwestern edge of Japan It examines socio economic characteristics development issues policies networking of island societies and the roles of culture human resources agriculture and tourism in a globalizing world Okinawa the birthplace of nissology island studies in Greek embraces all aspects of small remote island characteristics including geography history economy and culture Okinawa hosted the third and fourth Pacific Leaders Meeting PALM PALM adopted the Okinawa Initiative on Regional Development Strategies for a More Prosperous and Safer Pacific This initiative emphasized the important role of Okinawa in spearheading and coordinating development and educational relationships among the Pacific islands Although the focus is on Okinawa analytical methods and visions presented in this book will provide food for thought for many similar island societies which have been struggling to achieve toward sustainable development Since the International Small Island Studies Association ISISA held its first meeting on Island of Okinawa Nissology has been emerging as an important area of scientific investigation The book is intended to appeal to students academic researchers policy makers and industry professionals and practitioners **Shaping the Future of Small Islands** John Laing Roberts, Shyam Nath, Satya Paul, Yeti Nisha Madhoo, 2021 The book provides fresh look at the issues of sustainable development degradation of natural resources and vulnerability to climate change in Small Island developing states SIDS It documents the deteriorating state of SIDS and adaptation efforts made to address the impending

crisis of unsustainable economic growth with international national and community support Authors have discussed issues like macroeconomic trends vulnerability resilience capability and SIDS specific strategies focusing on sectors like trade and tourism Discussion continues with the examination of democracy social capital quality of life and health concerns Climate change and natural resource challenges are analyzed using case studies The book also discusses diplomatic complexities of international climate agreements collective action and institutional quality constitute the analysis of global environment and sustainable development An Island Community Andrew W. Lind, 1968
