Beginning JavaScript with DOM Scripting and Ajax Christian Heilmann, 2006-11-24 JavaScript is one of the most important technologies on the web. It provides the means to add dynamic functionality to your web pages and serves as the backbone of Ajax style web development. Beginning JavaScript with DOM Scripting and Ajax is an essential guide for modern JavaScript programming. It's practical but comprehensive. It covers everything you need to know to get up to speed with JavaScript development and add dynamic enhancements to web pages and program Ajax style applications. Experienced web developer Christian Heilmann begins gently by giving you an overview of JavaScript's syntax, good coding practices, and the principles of DOM scripting. Then he builds up your JavaScript toolkit, covering dynamically manipulating markup, changing page styling on the fly, using the CSS DOM, validating forms, dealing with images, and much more. Then he takes you to advanced territory with a complete case study illustrating how many new JavaScript techniques can work together, plus a great introduction to Ajax development.

Foundations of Security Analysis and Design VIII Alessandro Aldini, Javier Lopez, Fabio Martinelli, 2016-08-15 FOSAD has been one of the foremost educational events established with the goal of disseminating knowledge in the critical area of security in computer systems and networks. Over the years, both the summer school and the book series have represented a reference point for graduate students and young researchers from academia and industry interested to approach the field, investigate open problems, and follow priority lines of research. This book presents thoroughly revised versions of four tutorial lectures given by leading researchers during three International Schools on Foundations of Security Analysis and Design (FOSAD) held in Bertinoro, Italy, in September 2014, 2015, and 2016. The topics covered in this book include zero knowledge proof systems, JavaScript sandboxing, assessment of privacy and distributed authorization.
