Thirst God And The Alcoholic Experience:

Thirst James B. Nelson, 2004-01-01 This book explores the path of recovery James Nelson writes as he lives with a very special blend of insight wisdom humor and humility Sobriety sustainers and spirituality seekers will be encouraged and enlightened by his work **Aquinas's Eschatological Ethics and the Virtue of Temperance** Matthew

Levering, 2019-11-15 Matthew Levering offers a biblical and Thomistic portrait of the cardinal virtue of temperance and its allied virtues in dialogue with an ecumenical range of theologians and scholars In Aquinas's Eschatological Ethics and the Virtue of Temperance Levering argues that Catholic ethics make sense only in light of the biblical worldview that Jesus has inaugurated the kingdom of God by pouring out his spirit Jesus has made it possible for us to know and obey God's law for human flourishing as individuals and communities He has reoriented our lives toward the goal of beatific communion with him in charity which affects the exercise of the moral virtues that pertain to human flourishing Without the context of the inaugurated kingdom Catholic ethics as traditionally conceived will seem like an effort to find a middle ground between legalistic rigorism and relativistic laxism which is especially the case with the virtue of temperance the focus of Levering's book After an opening chapter on the eschatological biblical character of Catholic ethics the ensuing chapters engage Aquinas's theology of temperance in the Summa theologiae which identifies and examines a number of virtues associated with temperance Levering demonstrates that the theology of temperance is profoundly biblical and that Aquinas's theology of temperance relies for its intelligibility upon Christ's inauguration of the kingdom of God as the graced fulfillment of our created nature The book develops new vistas for scholars and students interested in moral theology The Church and the Crisis of Community Theresa F. Latini, 2011 Contemporary society is in crisis its structures broken and fragmented and its people overstimulated overstressed and thirsty for true communion with the sacred and with one another Yet although more than eighty five percent of congregations in the United States conduct small group ministry too many of these groups begin with no clear sense of purpose structure or spiritual focus and end by veering away from Christian tradition and unknowingly settling for shallow versions of popular Christianity In The Church and the Crisis of Community Theresa Latini lays out both a theoretical groundwork and a practical guideline for successful small group ministry Examining the latest sociological research and the real life practices of small groups in six congregations she shows how well developed groups those with mission statements leadership training and solid organizational structure can be a truly effective tool in the church's work of transforming broken and shallow forms of community into life giving life sustaining relationships with God and others

Griffin,2010-01-01 A Burning Desire is a gift for those who struggle with the Twelve Step program s focus on the need to surrender to a Higher Power Taking a radical departure from traditional views of God Western or Eastern author Kevin Griffin neither accepts Christian beliefs in a Supreme Being nor Buddhist non theism but rather forges a refreshing sensible and accessible Middle Way Griffin shows how the Dharma the teachings of the Buddha can be understood as a Higher Power Karma mindfulness impermanence and the Eightfold Path itself are revealed as powerful forces that can be accessed through meditation and inquiry Drawing from his own experiences with substance abuse rehabilitation and recovery Griffin looks at the various ways that meditation and spiritual practices helped deepen his experience of sobriety His personal story of addiction is not only raw honest and engrossing but guides readers to an inquiry of their own spirituality **Climbing Up**

Jones,Michael Joseph,2010-09-01 Climbing Up the Downward Spiral takes a holistic approach in looking at practical neurological and spiritual issues as it walks readers through the shadows of some of the most difficult problems of our time financial loss drug and alcohol abuse and addiction mental illness and suicide The authors also share from their considerable personal experience with these problems Bringing together some twenty years of work with people in programs of downtown late night ministry in different cities as well as personal experiences with illegal drugs bipolar disorder and a serious suicide attempt Jones and Joseph walk readers through the shadows of our lives offering encouragement methods of coping and above all hope Anonymous Christians Herbert E. Hudson,2017-11-29 This book

explores the relationship of clergy to Twelve Step programs Field research of pastors in the Florida Keys found that they are unsure if addiction is a disease or a sin and whether the Twelve Steps are based on Christianity Lessons learned include the validity of both traditional Twelve Step programs such as Alcoholics Anonymous and Christ centered programs such as Celebrate Recovery the coherence of sin and disease explanations of addiction and the significance of modern addiction theory The specific outcome of this study is the development of a course syllabus for clergy on addiction recovery through Twelve Step philosophy Addiction and Virtue Kent Dunnington,2025-06-16 What is the nature of addiction Neither of the two dominant models disease or choice adequately accounts for the experience of those who are addicted or of those who are seeking to help them In this interdisciplinary work Kent Dunnington brings the neglected resources of philosophical and theological analysis to bear on the problem of addiction Drawing on the insights of Aristotle and Thomas Aquinas he formulates an alternative to the usual reductionistic models Going further Dunnington maintains that addiction is not just a problem facing individuals Its pervasiveness sheds prophetic light on our cultural moment Moving beyond issues of individual treatment this groundbreaking study also outlines significant implications for ministry within the local church context

Sexual Reformation? Manitza Kotze, Nadia Marais, Nina Muller van Velden, 2022-02-28 Inasmuch as sex and sexuality are not words often spoken from pulpits and in academic theological circles a vast number of utterances have been made in the name of so called Christian values and biblical views on sex and sexuality These are often given from moral ethical perspectives and seemingly very prescriptive who should have sex with whom when sex should take place which purposes sex should serve and especially when sex is wrong Moreover often there is little or no recognition of the complexities surrounding human sexuality resulting in what appears to be a blueprint for sexuality applicable to all persons This volume contains fourteen theological and ethical reflections by South African scholars on human sexuality with the aim of exploring what a sexual reformation within Christian dialogue might entail Presented in three sections namely systematic theological reflections biblical reflections and ethical reflections the essays represent a range of topics from a variety of perspectives Luther and marriage sexual abuse in the Catholic Church body theology and the sexual revolution reproductive technologies sexuality and reproduction reproductive loss hermeneutical choices and gender reformation in South Africa queer engagements with bra Joseph explorations on Paul and sex rape culture and violent deities the church's moral authority and sexual ethics practical theological considerations regarding infertility empirical research on masculinities in Zambia and the lived experience of transgender people in African Independent Churches **The Oxford Handbook of Positive**

Why Can't Church Be More Like an AA Meeting? Stephen R. Haynes, 2021-10-26 Do Christians need recovery Or is recovery something needed by the church itself Addiction whether to a substance or to a behavior is a problem within faith communities just like it is everywhere else But because churches are rarely experienced as safe places for dealing with addiction co addiction or the legacy of family dysfunction Christians tend to seek recovery from these conditions in Twelve Step fellowships Once they become accustomed to the ethos of vulnerability acceptance and healing that these fellowships provide however they are often left feeling that the church has failed them with many asking why can t church be more like an AA meeting Inspired by his own quest to find in church the sort of mutual support and healing he discovered in Twelve Step fellowships Stephen Haynes explores the history of Alcoholics Anonymous and its relationship to American Christianity He shows that while AA eventually separated from the Christian parachurch movement out of which it emerged it retained aspects of Christian experience that the church itself has largely lost comfort with brokenness and vulnerability an emphasis on honesty and transparency and suspicion toward claims to piety and respectability Haynes encourages Christians to reclaim these distinctive elements of the Twelve Step movement

in the process of recovering church He argues that this process must begin with he calls Step 0 which as he knows from personal experience can be the hardest step the admission that despite appearances we are not fine
