humanities or as a supplement in any course where critical thinking is emphasized *Thought and Knowledge* Diane F. Halpern, Dana S. Dunn, 2022-10-25 *Thought and Knowledge* applies theory and research from the learning sciences to teach students the critical thinking skills that they need to succeed in today's world. The text identifies, defines, discusses, and deconstructs contemporary challenges to critical thinking from fake news, alternative facts, and deep fakes to misinformation, disinformation, post truth, and more. It guides students through the explosion of content on the internet and social media and enables them to become careful and critical evaluators as well as consumers. The text is grounded in psychological science, especially the cognitive sciences, and brought to life through humorous and engaging language and numerous practical and real world examples and anecdotes. This edition has been streamlined with thoughtful consideration over what content to keep, what to cut, and how much new and current research to add. Critical thinking skills are presented in every chapter, empowering students to learn more efficiently, research more productively, and present logical, critical, and informed arguments. The skills are reviewed at the end of the chapter, and a complete list of skills with definitions and examples are included in the appendix. The text is supported by a companion website that features a robust set of instructor and student resources: www.routledge.com/cw/halpern. *Thought and Knowledge* can be used as a core text in critical thinking courses offered in departments of psychology, philosophy, English, or across the humanities and social sciences, or as a supplement in any course where critical thinking is emphasized.

Thought and Knowledge and Thinking Critically about Critical Thinking
Diane F. Halpern, Heidi R. Riggio, 2002. This best-selling textbook, written by award-winning educator and past president of the APA, Diane Halpern, applies theory and research from the learning sciences to teach students the thinking skills they need to succeed in today's world. This new edition retains features from earlier editions that have helped its readers become better thinkers. A rigorous academic grounding based in cognitive psychology is presented in a clear writing style with a humorous tone and supported by numerous practical examples and anecdotes. *Thought Knowledge Fourth Edition* has been revised to help students meet the challenges of a global neighborhood and make meaningful conclusions from the overwhelming quantity of information now available at the click of a mouse. The skills learned with this text will help students learn more efficiently, research more productively, and present logical, informed arguments. New features include Template for Making Arguments. This is a crucial preparation tool for students in any subject area. For those planning on continuing to Graduate School, this feature is an essential reference. The Graduate Record Examination (GRE) now requires that all test takers write an argument on a contemporary topic. Concept Maps provide students with strategies to clarify complex information and retain long-term knowledge. Contemporary Examples throughout the text relate current events to the book discussions. Explanations on How to Evaluate Information found on Web sites. Revised Student Workbook. *Thinking Critically About Critical Thinking Fourth Edition* is filled with new exercises to reinforce learning and practice newly acquired skills. This workbook can be purchased in a student package with the text or as a separate item. *Thought Knowledge Fourth Edition* is appropriate for use
