Victorian and Edwardian Yachting from Old Photographs Robert Simper, 1978-01-01 *Victorian and Edwardian Sailing Ships* Basil Greenhill, Ann Giffard, 1976 **Tracing Your Seafaring Ancestors** Simon Wills, 2016-02-29 Photographs of your seafaring ancestors may tell you more about their lives than you realize and Simon Wills helpful and practical guide shows you how to identify and interpret the evidence caught on camera Since maritime roles have been so vital to Britains prosperity and military might they are among the commonest professions depicted in photographs of our ancestors and his handbook is the ideal introduction to them Maybe your ancestor was a seaman in the Royal Navy a ships captain a steward on an ocean liner or an officer in the naval reserves This book shows you how to spot photographic clues to an individuals career Whether your ancestor served in the merchant navy or the Royal Navy or in another seagoing role such as a fisherman a lifeboatman or even a ships passenger Simon Wills book will be your guide *Entertainment, Leisure and Identities* Alyson Brown, 2009-03-26 This wide ranging collection of essays seeks to challenge the common sense assumption that entertainment activities have no function but to fill up otherwise empty moments As such it builds on the term coined by the Victorians Recreation and argues that in the entertainments people pursue they do not simply divert themselves but actively create and re create their identities The collection shows this process can only take place for those who enjoy the benefits of leisure hence in the medieval period leisure and entertainments are largely confined to the wealthy minority In periods of rapid social change like 19th century Britain the inter linked question of identity and entertainment became an issue of great concern Orderly and respectable activities were seen by many commentators as the key to containing the potential menace of the new urban population In the 20th century the development of new forms of mass entertainment such as cinema radio and television has generated new debates in particular about the potential of these new media to manipulate their audiences The essays arranged in broadly chronological order give fascinating and detailed snapshots of these processes as they unfold from the middle ages to the present day As such the collection makes a very valuable contribution to the historical study of the social and broadly defined political role played by entertainments in shaping and reinforcing identities In recent years the history of leisure and more particularly the history of leisure pursuits amusements and entertainments has engaged the attention of social historians who as well as highlighting their intrinsic interests have demonstrated the contribution which such studies can make to an understanding on social identities and class relationships This collection of essays explores a wide and eclectic range of entertainments from medieval pet keeping Victorian chess tournaments and late 19th century museums of curiosities to French anarchist theatre and the career of Harry Belafonte themes which until now received little or no scholarly analysis As such it fills a significant gap in the historical literature G R Searle Emeritus Prof of History University of East Anglia and Fellow of the British Academy Transport History , 1979 *British Books in Print* , 1979 *Great Yachts* Philip McCutchan, 1979 *Britain's Working Coast in Victorian and Edwardian Times* John
