1945: The Reckoning Phil Craig,2025-04-24 As the fate of the world is decided so too is that of the British Dutch and French empires In India a generation committed to independence must decide whether to support the Raj or fight alongside the Japanese One military family is bitterly divided Will it be the brother who serves under British command or the one who follows Subhas Chandra Bose and his Indian National Army who goes on to help build a new and free India In Borneo a little known Australian special forces campaign secretly controlled from London goes horribly wrong as questions are asked about whether its true purpose is military or imperial And in Indochina and the East Indies British Generals free and arm Japanese prisoners of war and use them in savage campaigns that aim to put colonial rulers back into their palaces Clearing away the haze of nostalgia many uncomfortable truths emerge but so too does a humane and balanced exploration of what victory in the Second World War truly means
