Vietnam Anatomy Of A Peace:

Vietnam: Anatomy of a Peace Gabriel Kolko, 2008-02-21 Vietnam has experienced huge political and economic development since the war In Anatomy of a Peace Gabriel Kolko looks at the main economic phases the Communist Party has embarked upon since 1986 and outlines the transition to nascent capitalism He also explores Vietnam s relations to its neighbours and the US in the light of social and psychological national features Based on extensive research and over 30 years first hand experience Anatomy of a Peace is a timely examination of recent history and developing economies in Asia Gabriel Kolko argues that neither an intentional socialist or market strategy have determined recent Vietnamese history and in fact the Communist Party has little control over development during peace time **Peace and Security in Indo-Pacific Asia** Sorpong Peou, 2021-11-21 Peace and Security in Indo Pacific Asia is for the informed the interested and the engaged Sorpong Peou brings together the skills of the pedagogue with the knowledge of the scholar Dr David Dewitt University Professor Emeritus Senior Scholar York University Toronto Canada Peou s excellent book provides both the lay reader and the specialist with six important theoretical frameworks which should provide the basis for better appreciation of what a security community in Indo Pacific Asia means in our world today There are very few scholars who understand the region like Peou Dr W Andy Knight Professor of Political Science the University of Alberta Canada Sorpong Peou s extraordinary breadth of knowledge of both International Relations theory and the key trends in Indo Pacific Asia shines through in this authoritative analysis Dr Richard Stubbs Professor of Political Science McMaster University Canada A pedagogical approach of the textbook that is appreciated is how the author respectfully engages with the theories of IR and is not pushing an agenda of denouncing some theories and trying to persuade the reader of others We live in such polarizing times that it is truly refreshing to read scholarly work that avoids sensationalistic attacks on theories that have been debated for decades Each theory in this manuscript is explored on its own terms and the reader is encouraged to figure out where they stand on these enduring debates in the context of Indo Pacific security The approach will lead to compelling classroom discussions of the theories and the politics of the region This book is a must read for any student or observer of security trends in the region Dr Mark Williams Chair and Professor of Political Studies Vancouver Island University B C Canada **National Peace Action Coalition (NPAC) and Peoples Coalition for Peace & Justice (PCPJ)**. Strategy for Peace, US Foreign Policy Conference , The Asia-Pacific Magazine** , 1997 **War, Peace, and the Viet Cong** Douglas Pike, 1969 This book written in the later years of the Vietnam conflict offers a prognosis of potential postwar politics by examining the contenders and objectives with equal emphasis on the often clashing postwar aims of the various internal

and external forces that were likely to influence the eventual settlement **Legislative Proposals Relating to the War in Southeast Asia** United States. Congress. Senate. Committee on Foreign Relations,1971 **Peace and Security in the Asia-Pacific** Sorpong Peou,2010-04-15 This book is about peace and security in the Asia Pacific it critically reviews various perspectives on peace and security in the region and seeks to determine whether any of them has now emerged as the winner in the struggle for hegemony If none has it may be wise for us to aim at building innovative theories based on the strengths of existing theories As shall be discussed in this introduction the study of peace and security is not only about the actual use or threat of force and the prevention of war but also about the causes consequences and control of insecurity said to be rooted in various sources of threat to humans their values their agencies and their environment as well as about possible cures Security as a concept is essentially contested and has become increasingly contestable This conceptual challenge has the advantage of opening space for debate but this book will make the case that in the end theoretical eclecticism offers the most promising perspective for the emerging policy agenda of building a regional security community during the 21st century **Journal of Vietnamese Studies** ,2008 *Covertaction Quarterly* ,1998 **Z Magazine** ,1998
