Fire Support Bases Vietnam Bruce Picken, 2012-02-15 Fire Support Bases Vietnam is a meticulous documentation of the construction location and role of fire support bases during the Vietnam War compiled by Vietnam veteran Bruce Picken Often makeshift bases hacked out of primary jungle these artillery gun areas provided essential support to infantry field units during operations in South Vietnam In its simplest sense a fire support base was an often hastily constructed fortified artillery base position usually sited forward close to the centre of the area of operations in support of task force battalion or company operations The role of the fire support base was to bring artillery and mortar fire within range of friendly forces operating in depth Artillery gun areas were not unique to the Vietnam conflict In previous wars they were deployed in allied territory to cover the front lines and to support advancing troops The concept was first applied in Vietnam by US forces and quickly adapted by Australian forces arriving in Phuoc Tuy Province in May 1966 to fight a new kind of war This conflict was not like its predecessors and the fire support bases were now more usually sited in territory dominated by the enemy to provide much needed protection for forces operating in bitterly contested areas Fire Support Bases Vietnam is a detailed account that identifies every fire support base by date location and role and provides an outline of the operations in which they participated This is an essential reference book for those with a serious interest in the Vietnam War and adds valuable detail to the study of a campaign that occupies a unique place in the Australian psyche **Vietnam** Bruce Davies, Gary McKay, 2012-08-01 For Australians Vietnam remains one of most difficult and controversial wars we have fought On the fiftieth anniversary of Australia s first involvement comes Vietnam The Complete Story of the Australian War for anyone who wishes to understand why Australia went to war and who wants to make sense of the intensely unrelenting warfare For Bruce

Davies and Gary McKay the history of Vietnam its wars colonial domination its search for freedom and its subsequent loss speaks to an Australian anxiety of a very small population far away from the centre of an empire to which it was firmly committed The rise of Japan the War in the Pacific and the postcolonial independence of the peoples of Southeast Asia coupled with the mercurial influence of Ho Chi Minh and the rise of communism form the background to the commitment of Australian forces Vietnam takes the reader to the front line describing the experiences of soldier politician villager enemy and into the war room to unpick the military and political strategies We see the challenges the Australians faced against not only a dogged enemy but also those by the allies in their quest to defeat a powerful counterinsurgency The authors new archival research in Australia and America raises questions about the operational performance of both sides and recently discovered documents shed new light on the enemy s tactical thinking Meticulously researched and marked with acute critical analysis and a deep understanding of the place and the war Vietnam shows the experience of Australian soldiers as never before

Special Forces Camps in Vietnam 1961-70 Gordon L. Rottman, 2011-10-20 In 1961 US Special Forces units began entering remote areas of Vietnam dominated by the Viet Cong Their task was to organize local defense and strike forces aimed at stopping the enemy from gaining further control of such areas The Green Berets set up fortified camps from which indigenous troops defended local villages and attacked and harassed the enemy How these camps were constructed developed and defended is documented here for the first time This book also covers the weapons barriers and obstacles used in these camps providing specific examples of camp design and details how they withstood the test of battle against a determined and resourceful enemy

The Battle Of Coral Lex McAulay, 2012-01-01 A detailed and masterly account of the biggest unit level battle involving Australian soldiers during the Vietnam War The Battle For twenty six days during May and June 1968 the 1st Australian Task Force fought a series of actions around Fire Support Bases Coral and Balmoral northeast of Saigon The Scenario An overnight switch in war tactics from patrolling and ambushing to close combat action where for the first time in a long while tanks and artillery support came into their own The Men A trained fighting force with more than their share of bravery whose skills and sacrifice stopped the North Vietnamese in their tracks Lex McAulay s brilliant account of reconstruction is one of the most important books on the Australian soldiers involvement in the Vietnam War

Viet Cong and NVA Tunnels and Fortifications of the Vietnam War Gordon L. Rottman, 2012-09-20 During the Vietnam War the Viet Cong VC main forces and North Vietnamese Army NVA were forced to hide weapons and supplies underground and to dig protective shelters to counter massive US firepower Their field works defended villages hidden base camps and fortified complexes and took the form of trench systems individual fighting positions crew served weapon positions bunkers caches and extensive tunnel complexes Camouflage and deceptive measures and the employment of obstacles and booby traps went hand in hand with such works This illustrated guide takes a detailed look at the VC NVA tunnel systems field fortifications base camps and camouflage and concealment measures employed during the Vietnam conflict
