Loree, 2011-06-29 The New Humans reveals the very real possibility that we as a people are already evolving into the next higher species of hominids The lives of the most advanced humans on Earth are portrayed as they struggle to survive in a post cold war government run institution designed with dark secrets Each member of this unique brotherhood is carrying a special ability that sets them apart from our world The recorded life of the most powerful man in existence is examined as he discovers when he is a boy that he has an advanced brain Tim Walker's evolved brain gives him the ability for higher cognitive thinking perceiving without the use of

eyes and psychokinesis He realizes at a young age that he is superior to us in every way This knowledge coupled with his abilities makes Tim extremely dangerous to us as we try to cope with his existence Also as we learn and understand why nature created such superior humans we start to realize that we are not the true heirs of the planet Earth after all **A**
