This Model 1873 rifle is a replica of one of the original Winchester Repeating Arms designs made over a century ago. The Winchester Model 1873 features a sleek design, precision machining and hand finishing uncommon in most of today's mass produced guns. These are qualities that require more effort to provide the lasting beauty and durability you will appreciate for years to come.

Between the years 1873-1923, Winchester Repeating Arms produced more than 700,000 Model 1873 rifles. Often referred to as "The Gun that Won the West," the Model 1873 design found its way into the hands of settlers, cowboys and frontiersmen because it was rugged, affordable, easy to load and shoot.
