original ideas regarding religion One of these is attributed to the Patriarch Abraham whose reflection on Deity and how to relate to spirituality predominates in the three great Western religions The other original thought is found in Hinduism reflecting an entirely different way to relate to Deity Because Hinduism is a Far Eastern phenomenon not readily accessible in the West I've included an overview of Hinduism so that the Western and Jewish views can be appreciated A new topic reflect on the Atrocity Soul and its counterpart reflecting of the Son of Darkness and the Son of Light each bringing messages one of despair and darkness and the other of hope and redemption While these persons may be religious it is not a primary matter to the Son of Light but their message of hope predominates I conclude the book with a discussion on Calculating Zero an advancement only made twice in human history in the New World by the Maya and by the ancient Mesopotamians Each of the essays and reviews reflects my understanding of these and other diverse topics Each essay provides grist for discussion and reflection
