International Higher Education Volume 2 Philip Altbach, 2014-06-23 This encyclopedia is the result of a highly selective enterprise that provides a careful selection of key topics in essays written by top scholars in their fields Comprehensive and in depth coverage of a limited number of countries regions and themes is provided The essays not only feature statistical and factual information but significant interpretation of those facts and figures The chapters on themes and topics are both

analytic and interpretative and deal with the most important topics relevant to higher education everywhere More than a compendium of facts and figures the encyclopedia is a comprehensive overview of a growing field of research and analysis

Don't Call Us Girls Barbara Leonora Tischler,2024-11-30 In a collective voice calling for peace tracing back to pre World War II Don t Call Us Girls follows the protests of women and their allies from the White House to the Arc de Triomphe heralding their impact on today s world Don t Call Us Girls examines the importance of women s participation in the Civil Rights Movement in the United States and the international anti war movement This collective voice for peace and an end to nuclear proliferation reached back to before the Second World War and then firmly embedded itself during the war years when women assumed such important roles in the workplace that Franklin D Roosevelt called them the Arsenal of Democracy When the men returned from war women were encouraged by forces as powerful as government agencies and eminent psychiatrists to return to their place at home And return home they did only to realize that they could use the skills they practiced as housewives to begin organizing themselves into groups that would start a wave of protest action that swept through the late 1950s gathering up the Civil Rights Movement as it hurtled ever forward through the next two decades In the 1960s and 1970s no institution or convention was sacred many aspects of women s lives were fair game for criticism protest and change In this no holds barred era women debated everything from international nuclear policies pay equity and child care for women to reproductive rights and sexual politics They protested in the streets outside the White House in Trafalgar Square at the Arc de Triomphe on university campuses and just about anywhere else they would be heard They were tired of the role society had cast for them and they would not rest until they saw the substantial change that seemed promising with the emergence of Second Wave Feminism in the 1970s While we still live in a patriarchal society we have these women to thank for many of the freedoms we now enjoy If they have taught us anything it is never to stop pushing back against the patriarchy and to rest only when we are truly equal The final chapter of Don t Call Us Girls reminds us that there is still a lot of work to do *Time* Briton Hadden, Henry Robinson Luce, 1926 Reels for 1973 include *Time* index 1973

Outlook ,1926 [International Higher Education Volume 1](#) Philip Altbach,2014-06-23 This encyclopedia is the result of a highly selective enterprise that provides a careful selection of key topics in essays written by top scholars in their fields Comprehensive and in depth coverage of a limited number of countries regions and themes is provided The essays not only feature statistical and factual information but significant interpretation of those facts and figures The chapters on themes and topics are both analytic and interpretative and deal with the most important topics relevant to higher education everywhere More than a compendium of facts and figures the encyclopedia is a comprehensive overview of a growing field of research and analysis **A History of the University in Europe: Volume 3, Universities in the Nineteenth and Early Twentieth Centuries (1800-1945)** Walter Rüegg,2004-09-16 This is the third volume of a four part series which covers the development of the university in Europe east and west from its origins to the present day focusing on a number of major

themes viewed from a European perspective The originality of the series lies in its comparative interdisciplinary collaborative and trans national nature It deals also with the content of what was taught at the universities but its main purpose is an appreciation of the role and structures of the universities as seen against a backdrop of changing conditions ideas and values This 2004 volume deals with the modernisation differentiation and expansion of higher education which led to the triumph of modern science changing the relations between universities and national states teachers and students their ambitions and political activities Special attention is focused on the fundamental advances in learning the content of what was taught at the universities Skidmore SKIDMORE,1997 *The Western European and Mediterranean Theaters in World War II* Donal Sexton,2011-10-06 *The Western European and Mediterranean Theaters in World War II* is a concise comprehensive guide for students teachers and history buffs of the Second World War With an emphasis on the American forces in these theaters each entry is accompanied by a brief annotation that will allow researchers to navigate through the vast amount of literature on the campaigns fought in these regions with ease Focusing on all aspects surrounding the U S involvement in the Western European and Mediterranean theaters including politics religion biography strategy intelligence and operations this bibliography will be a welcome addition to the collection of any academic or research library Routledge Research Guides to American Military Studies provide concise annotated bibliographies to the major areas and events in American military history With the inclusion of brief critical annotations after each entry the student and researcher can easily assess the utility of each bibliographic source and evaluate the abundance of resources available with ease and efficiency Comprehensive concise and current Routledge Research Guides to American Military Studies are an essential research tool for any historian
