The Gang That Wouldn't Write Straight Marc Weingarten,2010-03-31 In Cold Blood The Electric Kool Aid Acid Test Fear and Loathing in Las Vegas Slouching Towards Bethlehem The Armies of the Night Starting in 1965 and spanning a ten year period a group of writers including Tom Wolfe Jimmy Breslin Gay Talese Hunter S Thompson Joan Didion John Sack and Michael Herr emerged and joined a few of their pioneering elders including Truman Capote and Norman Mailer to remake American letters The perfect chroniclers of an age of frenzied cultural change they were blessed with the insight that traditional tools of reporting would prove inadequate to tell the story of a nation manically hopscotching from hope to doom and back again from war to rock assassination to drugs hippies to Yippies Kennedy to the dark lord Nixon Traditional just the facts reporting simply couldn t provide a neat and symmetrical order to this chaos Marc Weingarten has interviewed many of the major players to provide a startling behind the scenes account of the rise and fall of the most revolutionary literary outpouring of the postwar era set against the backdrop of some of the most turbulent and significant years in contemporary American life These are the stories behind those stories from Tom Wolfe s white suited adventures in the counterculture to Hunter S Thompson s drug addled invention of gonzo to Michael Herr s redefinition of war reporting in the hell of Vietnam Weingarten also tells the deeper backstory recounting the rich and surprising history of the editors and the magazines who made the movement possible notably the three greatest editors of the era Harold Hayes at Esquire Clay Felker at New York and Jann Wenner at Rolling Stone And finally Weingarten takes us through the demise of the New Journalists a tragedy of hubris miscalculation and corporate menacing This is the story of perhaps the last great good time in American journalism a time when writers didn t just cover stories but immersed themselves in them and when journalism

didn't just report America but reshaped it. Within a seven year period a group of writers emerged seemingly out of nowhere: Tom Wolfe, Jimmy Breslin, Gay Talese, Hunter S. Thompson, Joan Didion, John Sack, Michael Herr to impose some order on all of this American mayhem each in his or her own distinctive manner. A few old hands like Truman Capote and Norman Mailer chipped in as well. They came to tell us stories about ourselves in ways that we couldn't. Stories about the way life was being lived in the sixties and seventies and what it all meant to us. The stakes were high, deep fissures were rending the social fabric, the world was out of order. So they became our master explainers, our town criers, even our moral conscience. The New Journalists.

My Life as a Mankiewicz Tom Mankiewicz, Robert Crane, 2012-06-01 The son of famed director and screenwriter Joseph L. Mankiewicz. All About Eve 1950, Guys and Dolls 1955, Cleopatra 1963 and the nephew of Citizen Kane screenwriter Herman Mankiewicz. Tom Mankiewicz was genuine Hollywood royalty. He grew up in Beverly Hills and New York, spent summers on his dad's film sets, had his first drink with Humphrey Bogart, dined with Elizabeth Taylor and Richard Burton, went to the theater with Ava Gardner and traveled the world writing for Brando, Sinatra and Connery. Although his family connections led him to show business, Tom Mankiewicz forged a career of his own, becoming a renowned screenwriter, director and producer of acclaimed films and television shows. He wrote screenplays for three James Bond films: Diamonds Are Forever 1971, Live and Let Die 1973 and The Man with the Golden Gun 1974, and made his directorial debut with the hit TV series Hart to Hart 1979-1984. My Life as a Mankiewicz is a fascinating look at the life of an individual whose creativity and work ethic established him as a member of the Hollywood writing elite. Mankiewicz details his journey through the inner world of the television and film industries, beginning with his first job as production assistant on The Comancheros 1961, starring John Wayne. My Life as a Mankiewicz illuminates his professional development as a writer and director, detailing his friendships and romantic relationships with some of Hollywood's biggest stars, as well as his struggle with alcohol and drugs. With the assistance of Robert Crane, Mankiewicz tells a story of personal achievement and offers an insider's view of the glamorous world of Hollywood during the 1960s, 1970s and 1980s.

blockbusters as allegories of intellectual property relations In movies based on characters owned by the comics duopoly of DC and Marvel no narrative recurs more often than a villain s attempt to copy the superhero s unique powers In this volume author Ezra Claverie explains this fixation as a symptom of the films mode of production Since the 1930s the dominant American comics publishers have treated the creations of artists and writers as work for hire such that stories and characters become company property Thus publishers avoided sharing the profits both from magazine sales and from licensing characters into other media For decades creators have challenged this regime demanding either shares of profits or outright ownership of their creations Now that the duopoly rents licenses and adapts superheroes for increasingly expensive franchises and for growing international audiences any challenge to intellectual property relations threatens a production regime worth billions of dollars Duopoly movies therefore present any attempt to break the superhero s monopoly on their powers as the scheme of terrorists mad scientists or space Nazis assuaging studio anxieties and revealing the fears of those who benefit most from the real world ownership of superheroes Weaving together legal analysis Marxist political economy and close readings of movies Copyright Vigilantes explains the preoccupations of Hollywood s leading genre **Otto Binder**
