Manuscript Division,1995 [The Facts](#) Philip Roth,1989 The Facts is the unconventional autobiography of a writer who has reshaped our idea of fiction a work of compelling candor and inventiveness instructive particularly in its revelation of the interplay between life and art Philip Roth concentrates on five episodes from his life his secure city childhood in the thirties and forties his education in American life at a conventional college his passionate entanglement as an ambitious young man with the angriest person he ever met the girl of my dreams Roth calls her his clash as a fledgling writer with a Jewish establishment outraged by Goodbye Columbus and his discovery in the excesses of the sixties of an unmined side to his talent that led him to write Portnoy s Complaint The book concludes surprisingly in true Rothian fashion with a sustained assault by the novelist against his proficiencies as an autobiographer **Philip Roth** David Brauner,2013-07-19 This is a groundbreaking study of the most important contemporary American novelist Philip Roth Reading the author alongside a number of his contemporaries and focusing particularly on his later fiction this book offers a highly accessible informative and persuasive view of Roth as an intellectually adventurous and stylistically brilliant writer who constantly reinvents himself in surprising ways At the heart of

this book are a number of detailed and nuanced readings of Roth's works both in terms of their relationships with each other and with fiction by Nathaniel Hawthorne Thomas Pynchon Tim O'Brien Brett Easton Ellis Stanley Elkin Howard Jacobson and Jonathan Safran Foer Brauner identifies as a thread running through all of Roth's work the use of paradox both as a rhetorical device and as an organising intellectual and ideological principle **World Press Review**, 1986
