Biker'S Diary: the Best of Ten Years Jan Meyer,2012-01-31 Bikers Diary started in 1999 as a weekly column in a local newspaper then known as the River Valley Reader now the Bluff Country Reader Located in a very popular tourist area the publishers plan was a newspaper that emphasized local arts culture and recreation Dr Jan applauded that effort and had spent a year as a community columnist for another paper so she submitted some sample columns and proposed this column written by a biker Ten successful years later she was asked by a faithful reader if she intended to publish the columns in a book That started her thinking and she asked her publisher for permission to do so which was granted At the beginning Dr Jan was living in Lincoln and commuting to her and Spouse Rogers country place near Lanesboro MN Upon retirement they chose that country place as their primary residence Those locations and the people along the way provided fodder for the mill of writing as have the many places around the world to which they have both traveled and or at which Dr Jan has worked The column started out as a way to capture the ambling and sometimes philosophical thoughts and experiences triggered by almost daily time spent on a bike When a serious illness got in the way of biking the habit of writing about life became almost a tension reliever as she wrote about that experience In the years since it started the column has evolved into writing about anything and everything she and others experience in life This book captures some of the best of those first ten years
