The Whig Interpretation of History

• • •

HERBERT
BUTTERFIELD

*Professor of Modern History
University of Cambridge*

"Butterfield is unique among living historians in the freedom with which he has ranged about the field of modern history, tackling the big subjects—Napoleon, Machiavelli, the Whig tradition, the scientific revolution of the seventeenth century. . . . But what distinguishes all his writings is a keen and subtle awareness of the historical process itself." —Martin Wight in *The Observer*.

The Whig Interpretation Of History

Herbert Butterfield

The Whig Interpretation Of History:

Federal Highway Administration Office of Motor Carriers Register, 1998 The Whig Interpretation of History Herbert Butterfield, 2017-04-27 From online reviews Easily readable in an evening and best consumed whole Herbert Butterfield's book is a wonderful indictment of the historical meta narratives that are typical of Whig historians He rightly cautions us away from linear progressive value laden reductionist interpretations of history toward an approach that appreciates the diversity and the meanderings of the past and one that sees the events and people of the past as they saw themselves A classic work in historiography Butterfield decries the tendency of historians to interpret history as progressively cumulative in the present or equally to selectively use history as an ideological justification of my views or finally to anachronistically read their ideologies into the past so that its heroes were all fighting to produce the ideas they now possess If you've ever wanted to throttle someone for claiming all of history shows or if you've heard yet another sermon illustration that sounds perfectly contrived to make a point you get the gist of this book This is a must read for all historians Butterfield presents a monumental thesis on our interpretation of history especially for Americans It's a fascinating discussion of how history is written by the winners the protestant liberal democratic winners One of my favorites **The Whig Interpretation of History** Sir Herbert Butterfield, 1978 *The Whig Interpretation of History* Sir Herbert Butterfield, 2021-09-09 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public To ensure a quality reading experience this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy to read typeface We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *The Uses of History in Early Modern England* Paulina Kewes, 2006-11-15 Publisher Description International Law and the Politics of History Anne Orford, 2021-08-05 Explores the ideological political and economic stakes of struggles over international law's history and its relation to empire and capitalism History Albert Frederick Pollard, Harold Felix Baker Wheeler, 1927 **Herbert Butterfield** Kenneth B. McIntyre, 2011 Kenneth B McIntyre explores the extraordinary range of Butterfield's work He shows why the small book *The Whig Interpretation of History* 1931 achieved such large influence Butterfield he demonstrates has profoundly shaped American and European historiography by highlighting the distortions that occur when historians interpret the past merely as steps along the way toward the glorious present from publisher description *The Slaughterhouse Cases* Ronald M. Labbé, Jonathan Lurie, 2003 The rough and tumble world of nineteenth century New Orleans was a sanitation night mare with the city's many slaughterhouses dumping animal remains

into neighboring backwaters When Louisiana finally authorized a monopoly slaughterhouse to bring about sanitation reform many butchers felt disenfranchised from their livelihoods Framing their case as an infringement of fundamental rights protected by the new amendment they flooded the lower courts with nearly 300 suits The surviving cases that reached the U S Supreme Court pitted the butchers right to labor against the state s police power to regulate public health The result was a controversial and long debated decision that for the first time addressed the meaning the import of the Fourteenth

Amendment A Nation of Laws Peter Charles Hoffer,2010 An introduction to and meditation on the key concepts history evolution complexities and importance of law in our nation s 233 year existence **Herbert Butterfield and the**

Interpretation of History K. Sewell,2005-01-13 This book examines successive stages in the development of the thought of Sir Herbert Butterfield in relation to fundamental issues in the science of history In a carefully nuanced way it lays bare the unspoken motivations and hidden tensions in Butterfield s debate with himself and with a host of contemporary historians in the period between 1924 79 **Man Vs. Time** KTCA-TV (Television station : Saint Paul, Minn.),1966 **History and**

Revolution Michael Haynes,Jim Wolfreys,2007 In History and Revolution a group of respected historians confronts the conservative revisionist trends in historical enquiry that have been dominant in the last twenty years Ranging from an exploration of the English French and Russian revolutions and their treatment by revisionist historiography to the debates and themes arising from attempts to downplay revolution s role in history History and Revolution also engages with several prominent revisionist historians including Orlando Figes Conrad Russell and Simon Schama This important book shows the inability of revisionism to explain why millions are moved to act in defence of political causes and why specific political currents emerge and is a significant reassertion of the concept of revolution in human development Christian

Interpretation of American History Garrett Heyns,Garritt E. Roelofs,1928 The Philosophy of History: A Re-examination William Sweet,2019-09-25 The philosophy of history is an area of interest not only to philosophers but to historians and to social scientists It has been of central importance in continental European philosophy since the late 18th century and for the past half century has had a significant place in Anglo American philosophy Interest in the philosophy of history continues to grow This volume offers both an introduction to contemporary discussion in the philosophy of history and a reassessment of some of the major movements in the philosophy of history since the beginning of the 20th century Including the work of leading international scholars in the field the book presents a wide range of perspectives from different schools in philosophy and in political and social theory history and the history of ideas Traditional questions raised in the philosophy of history are explored with fresh insight the nature of history historical understanding historical objectivity the nature of the past the psychological factors in historical explanation the human significance of history alongside issues which are less frequently examined including the role of science and mathematics in history history as a social science and history as an art form As history itself remains disputed ground it is important to consider what clues history can provide for our response to issues of

contemporary concern such as political realignments and economic globalisation this volume offers important insights from leading scholars in the philosophy of history *The Huntington Library Quarterly* Henry E. Huntington Library and Art Gallery, 2005 *A History of England: Robertson, C.G. England under the Hanoverians. [1911* Charles Oman, 1911 A History of England ...: England under the Hanoverians, by C. Grant Robinson. 6th ed., 1923 ,1923 **The American Presidency** Forrest McDonald, 1994 McDonald explores how and why the presidency has evolved into such a complex and powerful institution unlike any other in the world He chronicles the presidency s creation implementation and evolution and explains why it s still working today despite its many perceived afflictions **Requiem** Forrest McDonald, Ellen Shapiro McDonald, 1988

This book delves into The Whig Interpretation Of History. The Whig Interpretation Of History is a vital topic that must be grasped by everyone, from students and scholars to the general public. This book will furnish comprehensive and in-depth insights into The Whig Interpretation Of History, encompassing both the fundamentals and more intricate discussions.
