War On Terror Unfolding Bible Prophecy:

War on Terror Grant R. Jeffrey, 2002-01-01 Here the author explores the background and goals of Islamic terrorists including Osama bin Laden that have declared war against America

American Christians and Islam Thomas S. Kidd, 2018-06-05 In the wake of the September 11 terrorist attacks many of America's Christian evangelicals have denounced Islam as a demonic and inherently violent religion provoking frustration among other Christian conservatives who wish to present a more appealing message to the world's Muslims Yet as Thomas Kidd reveals in this sobering book the conflicted views expressed by today's evangelicals have deep roots in American history Tracing Islam's role in the popular imagination of American Christians from the colonial period to today Kidd demonstrates that Protestant evangelicals have viewed Islam as a global threat while also actively seeking to convert Muslims to the Christian faith since the nation's founding He shows how accounts of Mahometan despotism and lurid stories of European enslavement by Barbary pirates fueled early evangelicals' fears concerning Islam and describes the growing conservatism of American missions to Muslim lands up through the post World War II era Kidd exposes American Christians' anxieties about an internal Islamic threat from groups like the Nation of Islam in the 1960s and America's immigrant Muslim population today and he demonstrates why Islam has become central to evangelical end times narratives Pointing to many evangelicals' unwillingness to acknowledge Islam's theological commonalities with Christianity and their continued portrayal of Islam as an evil and false religion Kidd explains why Christians themselves are ironically to blame for the failure of evangelism in the Muslim world *American Christians and Islam* is essential reading for anyone seeking to understand the causes of the mounting tensions between Christians and Muslims today

Gods and Arms Kjell-Åke Nordquist, 2013-02-12 This book brings together a variety of perspectives on how religion can be related to violence and war both in a destructive and constructive way Religion can justify and mobilize violence even terrorism or guerilla wars just like political ideology But how is such a link between religion and violent behavior established in the first place How can we go further in understanding this possible connection between religion and war Is religious peace work just the flip side of religious support of war Or can peace work be informed by knowing about how religion promotes violence and war In the search for answers to the puzzle of religion and war it is easy to focus on conflict and war situations but maybe there is as much to learn from peace work as from war studies Therefore this book also analyses religious peace work from different contexts The multifaceted presence of religion in conflict situations whether justifying violence or promoting peace is illustrated in this book using a variety of situations in an enlightening panorama of one of today's most puzzling social connections religion and armed conflict Contributors R Scott Appleby Goran Gunner Mariyahl Hoole Mark Juergensmeyer Anne Kubai Kjell Ake Nordquist Jehan Perera Jennifer Schirmer Nari Senanayake and Maria Smaberg
