War Opposing Viewpoints:

World War I William Dudley, 1998 Presents essays about controversial issues during World War I including the question of American neutrality the Treaty of Versailles and the League of Nations **War** Tamara L. Roleff, 1999 A collection of articles speeches and book excerpts from the 1990s with bandw cartoons and quotations by experts policymakers and concerned citizens offering a diversity of opinions on causes and prevention of war the international community's responsibility to intervene in conflicts and the US role in maintaining peace Includes section and chapter introductions questions to consider for each reading and further discussion questions plus a regional survey of global conflicts and their status as of October 1998 Annotation copyrighted by Book News Inc Portland OR **War**, 2005 **War** Louise I. Gerdes, 2005 Annotation Titles continually revised and updated Biographical sketch of authors Paper and durable library bindings Organizations to contact Current book and periodical bibliographies **The Vietnam War** William Dudley, David L. Bender, 1984 Presents opposing viewpoints on various aspects of the Vietnam War including the reasons for American involvement the failure of United States policy there and the effects on veterans **Nuclear War** Bonnie Szumski, 1985 Such topics as how would a nuclear war begin and can humans survive it are discussed from a variety of viewpoints

Opposing Viewpoints in American History William Dudley, 1996 Vol 1 from colonial times to reconstruction Vol 2 from reconstruction to present **War and Human Nature** David L. Bender, Bruno Leone, 1983 **World War II** William Dudley, 1997 Presents arguments on both sides of issues surrounding WWII including the draft use of the atomic bomb rationing of goods and American minorities during the war *War* David Haugen, 2013 Features different perspectives on issues surrounding war including such topics as the justification of war resource scarcity the war on terror and surveillance tools Energy Abstracts for Policy Analysis, 1988 The Civil War William Dudley, 1995 An anthology of articles written at the time of the Civil War and dealing with the political and social issues of that era Also includes two contemporary perspectives *God and War* Raymond Haberski, Jr., 2012-07-23 Americans have long considered their country to be good a nation under God with a profound role to play in the world Yet nothing tests that proposition like war Raymond Haberski argues that since 1945 the common moral assumptions expressed in an American civil religion have become increasingly defined by the nation's experience with war *God and War* traces how three great postwar trials the Cold War the Vietnam War and the War on Terror have revealed the promise and perils of an American civil religion Throughout the Cold War Americans combined faith in God and faith in the nation to struggle against not only communism but their own internal demons The Vietnam War tested whether America remained a nation under God inspiring somewhat ironically an awakening among a group of religious intellectual and political leaders to save the nation's soul With the tenth anniversary of 9 11 behind us and the subsequent wars in Iraq and Afghanistan winding down Americans might now explore whether civil religion can exist apart from the power of war to affirm the value of the nation to its people and the world **The Cold**

War: Opposing Viewpoints , *War and Human Nature* David L. Bender, Bruno Leone, 1983 Readings and discussion questions present conflicting points of view on war and its effect on humans **Just War Theory** Ellen Garcia, 2014-04-15 Seminar paper from the year 2013 in the subject Sociology War and Peace Military grade A The University of Liverpool language English abstract The ethical and moral justifications of the Just War Theory have been discussed continuously for several years The ethical issue has created two sides of opposing views those who view Just War as ethical and those who view it as unethical Even today the Just War theory still creates passionate debates among philosophers and religious leaders as well as throughout the public Some proponents of Just War theory argue that it brings peace and justice while those opposing just war theory note the damages and even instability are created by wars However both sides agree that war is necessary where peace can not be achieved by peaceful means In the recent past the war in Iraq that was started by the U S and its allies has ignited a passionate debate over if this war is a just war To further investigate these opposing viewpoints this position paper will attempt to explain the issue by looking at both sides of the issue Various positions on both sides will be highlighted and then a position will arrived at basing on the findings of both sides Lastly this paper will conclude in favor of just war In any debate over war it s impossible for the church or the mass to voice one view point on the issue This is because even the Bible itself has two opposing aspects on the issue On one side the Bible teaches Christians that rulers who pursue their own individual goals against the people wish sin against the will of God and in such a situation other world rulers are supposed to at times enforce peace even through force though under Gods guidelines But on the side God wishes man to live peaceful without fighting and killing each other Thus all Christians exonerate some level of coercion however they basically they are peaceful The War on Terrorism Karen Balkin, 2005 This book examines arguments concerning the justification for the war on terrorism and debates how the efforts should be carried out **The Civil War** William - Dudley, 1995 , Genocide Margaret Haerens, 2012-06-11 Genocide is the intentional destruction of a national racial religious or ethnic group whether in wartime or peace In 1948 the United Nations adopted the Convention on the Prevention and Punishment of Genocide and yet this crime is still prolifically conducted by various regimes Articles and essays included in this must have volume explore issues related to recognizing analyzing and defining global genocide Topics covered include differing international views of what constitutes genocide Readers will learn about contemporary examples of genocide from countries such as the Congo Sri Lanka North Korea and the Sudan Expert sources help readers to understand the means of preventing and prosecuting genocide Readers will also analyze the legacy of genocide

War Opposing Viewpoints Introduction

In the digital age, access to information has become easier than ever before. The ability to download War Opposing Viewpoints has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download War Opposing Viewpoints has opened up a world of possibilities. Downloading War Opposing Viewpoints provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading War Opposing Viewpoints has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download War Opposing Viewpoints. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading War Opposing Viewpoints. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading War Opposing Viewpoints, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download War Opposing Viewpoints has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it

offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
