A Comprehensive Guide to Classroom Management Louise Porter, 2020-07-30. Behaviour management in the classroom can be one of the most challenging aspects of teaching but with the right approach it can be rewarding and enriching for both student and teacher. *A Comprehensive Guide to Classroom Management* provides a systematic overview of the major theories and styles of discipline in schools. Drawing on the latest international research, Porter outlines how teachers can develop a personal style in classroom management based on a sound understanding of theory. The emphasis is on proactive authoritative approaches to discipline to engage students and facilitate the achievement of educational and social goals. Porter demonstrates how it is within the power of schools and teachers to create the conditions under which even disadvantaged or disenchanted students strive to learn. *A Comprehensive Guide to Classroom Management* is the essential handbook for preservice teachers and a valuable reference for more experienced teachers who want to develop their approach to complex behavioural challenges. True to its title, this is an enormously ambitious, indeed encyclopaedic resource that makes a compelling multilayered case for putting respect for children's needs ahead of our urge to control them. Alfie Kohn, author of *Beyond Discipline and Punished by Rewards*. There is so much to admire and absorb in this impressive and highly readable blend of research, idealism and sound sense, highly recommended for principals, aspiring school leaders and reflective practitioners teaching students with behavioural difficulties. Dr Ted Cole, lead editor of *The Routledge International Companion to Emotional and Behavioural Difficulties*.

Teacher-parent Collaboration Louise Porter, 2008. This important new book is a practical guide for teachers who want to improve relationships with the parents of their students. It empowers them with the skills and confidence necessary for productive collaboration and addresses a range of issues that affect children's functioning and achievement. *Teacher Parent Collaboration* presents jargon-free and solution-based approaches to collaboration which draw on the inherent strengths that all individuals have, no matter how bleak their personal situation.

Digital Personalization in Early Childhood Natalia Kucirkova, 2017-09-07. Digital personalization is an emerging interdisciplinary research field with application to a variety of areas including design, education and publication industry. This book focuses on children's education and literacy resources which have undergone important changes with the personalization revolution in the early 21st century. The author develops original insights from educational research and her

own studies concerned with digital and non digital personalization to discuss in a clear and critical way the thinking research issues and practical implications of this new field She scrutinises the character of technology based personalized education to substantiate the claim that the current models of personalized education tend to be technology and business driven with little pedagogical understanding of the social value of personalization Research involving touchscreens personalized books and 2 8 year olds is interrogated for its impact on children s development of language creativity identity as well as family dynamics and classroom dialogue The literature available on digital and non digital personalization is discussed in relation to five key themes of personalized education the so called 5As autonomy authorship aesthetics attachment and authenticity It is argued that the 5As need to be anchored in humanist principles for a sustainable pedagogy and practice Based on the insights from research with typically and atypically developing children Kucirkova proposes personalised pluralisation as a pedagogical framework of personalized education for the future The book aims to help scholars and professionals understand the connections between personalization and literacy personalization and education and personalization and wider socio moral issues Re-theorizing Discipline in Education Zsuzsa Millei (Ed),Tom G. Griffiths,Robert John Parkes,2010 understandings that can make a difference in students lives *Helping with Behaviour* Sue Roffey,2005-11-16 This book shows how to establish good practice in early years settings so that all children are supported in developing positive interactions with one another With limited material available for practitioners in this area Sue Roffey explains the features of an emotionally literate environment in order to meet the needs of more vulnerable children and looks at how to respond effectively when children are distressed and hard to manage She provides a wealth of ideas and inspiration throughout using down to earth language and looks at how to foster language and build self esteem how to help pre schoolers learn to feel good about complying and co operating how children can become strong individuals as well as learn to be good how to identify more worrying behaviour and when to refer to other professionals Based on sound psychological theory and research and packed full of practical activities illustrations support and advice this will be an invaluable source of inspiration for anyone concerned with providing the best environment for vulnerable young children in their care *Behaviour in Schools* Louise Porter,2000 Behaviour management in the classroom and playground is one of the most challenging aspects of teaching Behaviour in Schools offers a comprehensive overview of the major theories of behaviour management in primary and secondary schools illustrated with detailed case studies
