Your Mobile Expectations, 2007 Olafur Eliasson : Your Mobile Expectations, 2007 **Olafur Eliasson**, 2007

Your Mobile Expectations, 2007 *Olafur Eliasson*, 2008 **Olafur Eliasson** Olafur Eliasson, 2007 *Your Mobile Expectations* Olafur Eliasson, 2008 As part of its BMW H2R research project Studio Olafur Eliasson presents extensive visual material excerpts from two seminars held in 2006 07 and conversations between designers and theorists Finally the climate car consists of a car with a surface of layers of ice which has to be at 6 degrees Celsius **Art and Ethics in a Material World** Jennifer McMahon, 2013-11-26 In this book McMahon argues that a reading of Kant's body of work in the light of a pragmatist theory of meaning and language which arguably is a Kantian legacy leads one to put community reception ahead of individual reception in the order of aesthetic relations A core premise of the book is that neo pragmatism draws attention to an otherwise overlooked aspect of Kant's Critique of Aesthetic Judgment and this is the conception of community which it sets forth While offering an interpretation of Kant's aesthetic theory the book focuses on the implications of Kant's third critique for contemporary art McMahon draws upon Kant and his legacy in pragmatist theories of meaning and language to argue that aesthetic judgment is a version of moral judgment a way to cultivate attitudes conducive to community which plays a pivotal role in the evolution of language meaning and knowledge **Art/Commerce** Maria A. Slowinska, 2014-09-15 This book offers a compelling perspective on the striking similarity of art and commerce in contemporary culture Combining the history and theory of art with theories of contemporary culture and marketing Maria A Slowinska chooses three angles space object experience persona to bridge present and past aesthetic appearance and theoretical discourse and traditional divisions between art and commerce Beyond both pessimistic and celebratory rhetorics Art Commerce illuminates contemporary phenomena in which the aestheticization of commerce and the commercialization of aesthetics converge

Dwell, 2007-09 At Dwell we're staging a minor revolution We think that it's possible to live in a house or apartment by a bold modern architect to own furniture and products that are exceptionally well designed and still be a regular human being We think that good design is an integral part of real life And that real life has been conspicuous by its absence in most design and architecture magazines The Anthropocene and the Humanities Carolyn Merchant, 2020-04-14 A wide ranging and original introduction to the Anthropocene that offers fresh theoretical insights bridging the sciences and the humanities From noted environmental historian Carolyn Merchant this book focuses on the original concept of the Anthropocene first proposed by Paul Crutzen and Eugene Stoermer in their foundational 2000 paper It undertakes a broad investigation into the ways in which science technology and the humanities can create a new and compelling awareness of human impacts on the environment Using history art literature religion philosophy ethics and justice as the focal points Merchant traces key figures and developments in the humanities throughout the Anthropocene era and explores how these disciplines might influence sustainability in the next century Wide ranging and accessible this book from an eminent scholar in environmental history

and philosophy argues for replacing the Age of the Anthropocene with a new Age of Sustainability *On Slowness* Lutz Koepnick,2014-10-07 Speed is an obvious facet of contemporary society whereas slowness has often been dismissed as conservative and antimodern Challenging a long tradition of thought Lutz Koepnick instead proposes to understand slowness as a strategy of the contemporary a decidedly modern practice that gazes firmly at and into the present s velocity As he engages with late twentieth and early twenty first century art photography video film and literature Koepnick explores slowness as a critical medium to intensify our temporal and spatial experiences Slowness helps us register the multiple layers of time history and motion that constitute our present It offers a timely and untimely mode of aesthetic perception and representation that emphasizes the openness of the future and undermines any conception of the present as a mere replay of the past Discussing the photography and art of Janet Cardiff Olafur Eliasson Hiroshi Sugimoto and Michael Wesely the films of Peter Weir and Tom Tykwer the video installations of Douglas Gordon Willie Doherty and Bill Viola and the fiction of Don DeLillo Koepnick shows how slowness can carve out spaces within processes of acceleration that allow us to reflect on alternate temporalities and durations Reinventing Eden Carolyn Merchant,2013 Visionary quests to return to the Garden of Eden have shaped Western culture from Columbus voyages to today s tropical island retreats Few narratives are so powerful and as Carolyn Merchant shows so misguided and destructive as the dream of recapturing a lost paradise A sweeping account of these quixotic endeavors by one of America s leading environmentalists Reinventing Eden traces the idea of rebuilding the primeval garden from its origins to its latest incarnations in shopping malls theme parks and gated communities With eloquence and insight Merchant shows how the drive to conquer nature and to explore and settle the globe springs from this utopian pastoral impulse throughout Western history Time and again human manipulation of the environment is our downfall Eden is achieved by fencing off pristine beauty in national parks and wildlife preserves while leaving the majority of the earth in ruins Challenging both narratives Merchant argues that the green veneer of city park conservation has become a cover for the corruption of the earth and the neglect of its environment Reinventing Eden is a bold new way to think about the earth that includes green political parties sustainable development and a partnership between humans and earth that is nothing short of an ecological revolution **Drawing Room** Aaron Paterson,Sarosh Mulla,Marian Macken,2021-03-20 Drawing Room explores architecture as a consequence of its media in the post digital realm in which the novelty of digital drawing has been superseded by the creative potential found in diverse methods of drawing spanning the analogue to the virtual Drawing Room suggests speculative drawing practices that sit beside architectural professional practice yet feed into it highlighting the rapidly changing way architects draw and visualise their designs Interior Atmospheres ,2008 Mediare L'esperienza: i Libri Di Olafur Eliasson Olafur Eliasson,Ólafur Elíasson,2009 With its exposed spine stitching and variety of paper stocks this survey of Olafur Eliasson s very rarely seen artist s books elevates his work in bookmaking to the status of his better known projects such as his New York waterfalls and

is indeed an artist's book in itself Printed Matter closely examines 25 of Eliasson's books dating back to 1997 and reveals a whole oeuvre of artist's books 57 titles in all that will come as a revelation to those who may not closely identify the artist with this medium Eliasson's exhibition catalogues are always designed with pronounced care and many are already long out of print or hard to find Here in spreads and thorough annotations we encounter his considered musings on book form and design and the complex process of book collaboration Printed Matter also supplies a bibliography of all of Eliasson's books to date alongside an interview with the artist Publisher **Printed Matter**, 1971 **Fresh Widow** Maria Müller-Schareck, Kunstsammlung Nordrhein-Westfalen (Germany), 2012 Leon Battista Alberti's 1435 treatise De pictura influenced generations of painters by suggesting that a painting should be approached as an open window By the twentieth century the window had transformed into a motif that would test the limits of painting With his 1920 Fresh Widow a replica of a French window with panes covered in black leather Marcel Duchamp postulated a farewell to illusionist painting This publication presents the development of window painting by artists such as Robert Delaunay Henri Matisse Marcel Duchamp Ren Magritte Ellsworth Kelly Eva Hesse Gerhard Richter and many others **La Vie** 07/2025 255 pages

Escritos de Olafur Eliasson** Olafur Eliasson, 2013-02-23 Leer es respirar es devenir es la primera publicación que recoge los textos de Olafur Eliasson escritos hasta la fecha A través de veinticuatro ensayos breves y de las evocativas imágenes de algunas de sus obras el artista danés de origen islandés presenta los temas más recurrentes de su trayectoria artística y nos invita a reflexionar sobre su complejo universo estético y perceptivo desde el papel que desempeñamos como observadores en un museo o nuestras reacciones frente al color y la luz hasta los diferentes tipos de movimiento o la percepción del paisaje en el tiempo Al igual que en su obra artística en este libro con prefacio del propio Eliasson el artista nos anima a formar parte de sus reflexiones abiertas a recorrer los diversos temas planteados y sobre todo a que tomemos partido como lectores y vayamos más allá de la propia obra
